The Newton schools will be paid \$39,545 in Federal aid within a week, according to a telegram from Cong. Joseph W. Martin, Jr., in Washington, D. C., received at The Graphic yesterday (Wednesday) morning.

The message was as follows: "The City of Newton will be paid \$39,545 in Federal financial assistance for its schools within the next week."

"This amount has been certified for immediate payment by the Office of Education in Washington out of an expected entitlement of about \$52,000 for the current fiscal year."

"The aid is available under Public Law 874 for Schools in Federal Aid Affected Areas."

"The Federal check will be forwarded to Stanley Russell, administrative assistant to the Newton School Committee."

## Toll Road Bridge Span In Position

The new 300-foot steel span bridging the new Toll Road Extension in Newton has been placed in position. When completed, the bridge will be the longest single span construction over the road in the Newton area.

It crosses the B. & A. rail road tracks and the double lanes of the Toll Road.

The huge, modern structure replaces the old Woodlawn Road Bridge in Auburndale, now but a memory.

The former span was removed from the local scene with efficiency and dispatch. Then, working with two mammoth cranes, the steel work for the new bridge, consisting of 28 massive steel beam sections, was put in position in a single day.

## Streets Not Intended As Playgrounds

Newton Recreation Commissioner John B. Penney urged parents today to have their youngsters play at the city playgrounds rather than in the streets. He said that he had received complaints about children playing ball in the streets in various parts of the city, and noted that there is a City Ordinance against this.

Mr. Penney said parents should have their youngsters play ball in their yards or go to one of the city's many playgrounds. He noted that Newton is fortunate to have some 43 playground areas located

Close to 700 Newton High School graduates received their diplomas before applauding relatives and friends at Dickinson Stadium.

A similar scene was staged at the Administration Building at Newton South High where diplomas were presented to 407 graduating boys and girls.

A big majority of the boys and girls, who in completing their high school studies have ended an important phase of their lives, will go on to continue their education at colleges throughout the United States.

Presentation of scholarships and other prizes were among the highlights of the exercises at both Newton High and Newton South High.

Twelve top awards were made to 10 students at Newton High School.

Monica R. Meyer, daughter of Mr. and Mrs. Ernest R. Meyer of Newton, was presented the Girls Senior Cup. She is a member of the National Honor Society, was editor of the Orange Book, a National Merit semi-finalist, Literary Editor of the Newtonian, participated in athletics and was a delegate to ECMUNC. The Senior Cups are given for outstanding character, service, leadership and scholarship.

## Glad News Due Next Week To All Taxpayers

News that should be welcome indeed is coming to Newton citizens late next week in a communication jointly prepared by Mayor Donald L. Gibbs and the chairman and members of the Board of Assessors.

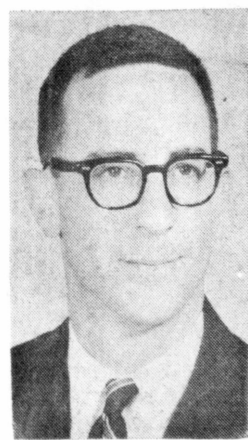

The Mayor's communication will bear good news as follows:

"As a taxpayer, you will be interested to know that Newton today is a city of over 92,000 inhabitants, the ninth largest city in Massachusetts.

"By careful planning, our bonded indebtedness has been reduced from \$20,273,000 to \$17,209,000 in the last three years. For this reason the 1963 budget requirement for interest and amortization of bonds dropped by \$185,000, a substantial sum.

"Other major innovations include the establishment of

Arthur G. Heaney, commission chairman, announced that nomination papers may be filed for certification of signatures with the Election Commission at Newton City Hall up to 5 p.m. on September 10.

Certified nomination papers may be filed also with the Election Commission up to 5 p.m. on September 17.

Petitions for placing referendum questions on the ballot may be filed with the Election Commission up to 5 p.m. September 10, 1963.

The final date for registration of voters before the election will be October 16, and registration will reopen on November 7, 1963.

In the meantime, persons who have been residents of Massachusetts for one year and residents of Newton for six months may be registered at City Hall between the hours of 8:30 a.m. and 4:30 p.m., Monday through Friday.

### Crime Board Probe Hinges On Supreme Court Decision

Whether the Crime Commission will continue its investigation into corruption in the State government or will quietly fold up and go out of business probably will depend on how the Supreme Court rules on the technical legal question now before it.

If the court holds that the adoption of the Conflict of Interest Law wiped out the old law covering bribery and extortion, as some legal experts maintain, the crime board will be left without much work to do, according to its chairman.

Until the legal issue is resolved it's unlikely that the Legislature will give the crime commission the \$569,000 it has requested.

It seems fantastic that the enactment of a new statute, which replaced an old law, could have the ef-

## Newton And Star Market Enter Into A Space Age

The city of Newton has become a real part of the Space Age, now that Newtonville's magnificent Star Market has risen on concrete stilts above the Massachusetts Turnpike extension and the B & A Railroad right of way.

The store's customers have a window on the world as they look out from a beautiful panoramic lounge built expressly for them.

Star, like a Colossus Astride the Future, has become the first food store in the world to occupy air space over a major urban express highway. The event truly points the way America must travel in the exciting years ahead for food retailers and food shoppers.

It was only 15 short years ago that Star opened an awe-inspiring market just off Newtonville Square. It was the last word in supermarket construction, and met with instant approval of shoppers who came from miles around and

continued to be patrons throughout the building's span of life.

Then, it became evident that Star's "old" market would have to be sacrificed in the name of progress, and Newton was faced with loss of a sizeable business. The toll road was coming through. Down would have to go the great store.

But there came a meeting of minds, and the problem soon vanished. The minds were those of three men, each with concern for the city's future. One was Stephen P. Mugar, Star Market Company President. Another was William F. Callahan, chairman of the Massachusetts Turnpike Authority and an engineer with tremendous ability and foresight. The third

was Donald L. Gibbs, mayor of Newton.

Through their combined efforts, and with valuable assistance from the city's Planning Board, the Aldermen and Willard S. Pratt, Public Works director, a plan was developed and perfected for utilization of air rights over a highway.

The result was the opening of a new and bigger and more beautiful Star Market that has a railroad and a highway for near neighbors — neighbors down below in what in non-air-rights structures would be the basement.

The event is a most dramatic chapter in the history of super-markets, and it was written by an impressively able group of collaborating authors. It is a continuing story, and helping in the writing will be the many thousands

## Elks Urge Flag Display June 14

Every Newton street will display a star-spangled salute to freedom if householders and businessmen heed the appeal of Richard P. Brennan, Newton Elks exalted ruler, who has asked all to raise the Stars and Stripes on Flag Day, Friday, June 14.

Arrangements for a public observance, starting with a program the evening before at the Newton Elks Home, are being drawn up by the lodge's Americanism Committee headed by Mayor Donald L. Gibbs, honorary chairman, and Rep. Joseph G. Bradley, chairman.

Major speaker at the Elks program will be Dr. Charles E. Brown, superintendent of schools. Miss Jacqueline Tibbetts, winner of the lodge's oratorical contest, will narrate the history of the flag.

of Star customers who will flock to the space-age mart as long as Star abides by its policy of shopping the world for staples and delicacies wanted to gladden the hearts and appetites of all. And that, naturally, is a policy Star will never abandon.

The association annually presents the Award to someone in Massachusetts for outstanding service in the field of public health at the local level such as in a local health department.

Miss Atwood's citation at the award presentation read as follows: "The recipient of the Paul Revere Award for 1963 exemplifies unselfish dedication to professional duties. Charm, graciousness and sincerity characterize her personal nature."

... She is a tireless worker who gives of herself unstintingly. She is capable, efficient and progressive. She not only supervises the activities of the Bureau but works along with each of

her staff. Her co-workers and assistants literally idolize her. She has maintained a first-class laboratory under many adverse conditions and has been a bulwark of strength for the entire Department. ... Catherine Atwood—it is an honor to bestow this Award upon you, a person who so well symbolizes the qualities for which this Award was created."

Miss Atwood has been with the Health Department's Bureau of Laboratory Services for more than 40 years, and for more than 20 of these has been head bacteriologist. She was graduated from Wellesley College and did graduate work in microbiology under Professor William T. Sedgwick at the Massachusetts Institute of Laboratories.

For 30 years she has been an active member of the Massachusetts Public Health Association, serving for seven years as the association's treasurer.

The award was presented to Miss Atwood on behalf of the association at its annual meeting by Dr. George Kahn, formerly chief of the Bureau of Disease Control with the Boston Health Department and presently director of Child Health with the Brookline Health Department. Miss Atwood resides at 57 Kingswood Rd., Newton.

## Tie Game Knocks NHS Out Of Tourney Chance

Newton High, in playing Brookline High to a 6-6 tie while rain poured down on Dickinson Field, lost its chance for play in the Eastern Massachusetts tourney by half a game.

The Tigers ended the baseball season with a 12-5-1 record in the Suburban League, not a bad showing.

an Election Commission, a Traffic Commission, the opening of the first "Housing for the Elderly," with the second under construction, and recently 100 additional units authorized; an important library survey underway; consideration of Data Processing to update our municipal accounting; and a Federally-aided planning survey to uncover potential blight and deterioration.

"We are ever mindful that by facing our responsibilities in a forthright manner, we will expand and continue our heritage as the "Garden City of Newton."

To add to the glad tidings, here is what Edward A. Fahey, chairman of the assess-

sors, Isabelle R. Mackey, clerk, and J. Philip Barquist will have to say:

"Your Mayor and the Board of Assessors are pleased that the 1963 tax rate has been established at \$66.60 per thousand valuation. This reduction of 60 cents from the 1962 rate of \$67.20 breaks an upward trend for the first time in the last decade.

"A combination of fortunate circumstances made this possible: Excess net receipts over estimates from the State;

increased and faster collection of Motor Vehicle Excise taxes; and substantial turnbacks of unexpended budget funds by municipal departments.

"Our 1963 total budget reached a new high—up \$1,221,469 over 1962. Schools were up 7.24 percent, or \$772,172, continuing to receive a larger share of the tax dollar, while remaining City Departments increased 3.75 percent or \$500,297. The loss of valuation amounting to \$3,350,000 occasioned by Toll Road demolition was almost offset by general new construction."

## A Man of Peace

No spiritual leader in our time has reached into the hearts of the people of all faiths to the extent Pope John did.

He was a man of God and a man of goodwill in the truest sense.

In the slightly less than five years he served as Supreme Pontiff of the Catholic Church, Pope John made the world better for the imprint he left upon it.

The results of his work for peace and a better understanding between men of all beliefs and convictions should live on after him.

His homeliness and simplicity which stamped him as a man of the people, his humility and kindness endeared him to the people and sharpened the pierce pang of sorrow that came at the news of his death.

The greatness of this Good Shepherd was perhaps best reflected by the feeling tributes paid to him by the leaders in other religious faiths.

The voice which cried out for unity has been stilled.

The goodwill he instilled in the hearts of men is an unseen monument to memory of this wonderful churchman who tried to do so much in so short a time.

## Politics . . . (Continued from Page 1)

fect of granting amnesty to every public official who accepted a bribe prior to May 1, 1963.

Yet, some very competent attorneys insist that is the legal fact of the matter.

They say the old bribery law was scrapped when the stiffer Conflict of Interest statute became effective and that it's not possible to try or prosecute a person for violating a law no longer in existence.

This is a question which will be debated by lawyers right up to the time the Supreme Court hands down its important decision.

Meanwhile, Attorney General Edward W. Brooke is delaying steps he had planned to seek the indictment of additional public officials.

Brooke obviously feels that there is little purpose in seeking indictments against public figures if the indictments are subsequently to be thrown out, leaving a cloud over the heads of the indicted persons.

That Brooke himself has some doubts about the status of the law seems evident from his action in urging Superior Court Justice Frank J. Donahue to refer the matter to the Supreme Court for settlement by the State's highest tribunal.

Until the Supreme Court makes its ruling, it will not be known whether the crime commission will go forward with what now promises to be the most sensational investigation into Massachusetts history.

This writer is not qualified to comment on the legal ramifications of the question confronting the Supreme Court or to speculate in any way on what the findings of that tribunal may be.

But we can't help wondering what the status of the three public officials would be if the Supreme Court should sustain the claim of their attorneys and dismiss the indictments so that they would not stand trial.

## Patronage Becomes Peabody Headache

Governor Peabody, who seems to jump from one political controversy to another, is now involved in a clash with Democratic legislators over patronage.

The Democratic law-makers didn't like it a bit when they discovered that State department heads have been told by Peabody's aides that all appointments to summer jobs must be cleared through the Governor's office.

Peabody's patronage secretary, when called to a caucus of Democratic Senators, made a couple of statements which didn't rest well with the Solons.

He said that Peabody is desirous of getting some of the credit whenever anyone is named to a job.

Furthermore, he added, Peabody himself has an army of faithful followers, who helped him in his various campaigns and would now like to get some recognition for their efforts.

There is nothing particularly unusual in what the Peabody aide had to say except that he put it rather bluntly and frankly.

Some Solons such as Senator Joseph D. Ward of Fitchburg, who has been feuding with Peabody, didn't exactly laud the candor of Peabody's patronage dispenser. Ward has no desire whatever to clear it with Peabody whenever he tries to get someone a job. Other Senators voiced similar sentiments.

The Republicans are standing back letting the Democrats quarrel among themselves. They apparently aren't going to get any patronage anyway so they have only an academic interest in how the jobs are filled.

## Legislative Pay Bill Draws Public Protest

Nothing that has happened on Beacon Hill this year has aroused so great a public protest as last week's action by the members of the House of Representatives in overwhelmingly approving a \$2600-a-year pay raise for themselves.

## Newtonites To Graduate From Middlebury

Four Newton residents are candidates for bachelor of arts degrees from Middlebury College at commencement exercises Monday, June 10.

Miss Mary S. Auryansen, daughter of Mr. and Mrs. Winslow C. Auryansen of 27 Jenison Street, Newtonville; William L. Brian III, son of Mr. and Mrs. William L. Brian, Jr., of 81 Vista Avenue, Auburndale; Courtney F. Bird, Jr., son of Courtney F. Bird, Sr., of 276 Highland street, West Newton, and Bruce G. Daniels, son of Mr. and Mrs. Benjamin Daniels of 20 Valentine Park, West Newton, will join about 280 other students who are scheduled to receive B.A. degrees from the liberal arts college.

Miss Auryansen, a graduate of Newton High School, majored in Economics at Middlebury. The Dean's List student is a member of the Alpha Xi Delta sorority and has served as treasurer and secretary.

She played the flute for four years with the Vermont State Symphony and participated in the college orchestra, band and glee club. Other activities included Women's Forum, Kaleidoscope, the college yearbook, and Russian and German Clubs.

Miss Auryansen plans to continue her study of Economics at the University of California Graduate School.

Brian is a graduate of Governor Dummer Academy and majored in Economics at the Vermont college. He is a member of Chi Psi fraternity and served as treasurer. He played varsity hockey two years and was enrolled in the ROTC Flight Program at Middlebury.

Bird also graduated from Governor Dummer Academy and went on to major in history at college. A member of Kappa Delta Rho fraternity, he served as social chairman of that house. A New Hampton, N. H., High School graduate, Daniels was an Economics major at Middlebury. He played varsity tennis three years and served as captain of the team his senior year. He also served on the Athletic Council. Daniels is considering going on to law school in the fall.

## Powers To Change Wage Hike Measure

Senator President John E. Powers will undertake to make the pay raise bill a little more palatable to the public before it is acted upon by the legislative chamber over which he presides.

Powers, who has a strong sense of civic responsibility, is one legislator who is worth far more money than he is paid.

One of the changes Powers will seek to make in the wage hike measure will be to eliminate the barrier which would make it more difficult to obtain a referendum on the proposal.

If all the lawmakers were as conscientious in the performance of their public duties as is the hard-working Powers, there could be little justifiable objection to the \$2600 raise.

President Star Market Co.

Hon. Donald Gibbs  
Mayor of Newton

## Success Through Leadership

When it became evident that the "old" Star Market, opened just 15 short years ago, would have to be sacrificed to the march of progress and fall before the wrecker's ball to make way for the Massachusetts Turnpike Extension, the City of Newton was faced with the loss of a sizeable business...not enough nearby land was available for rebuilding.

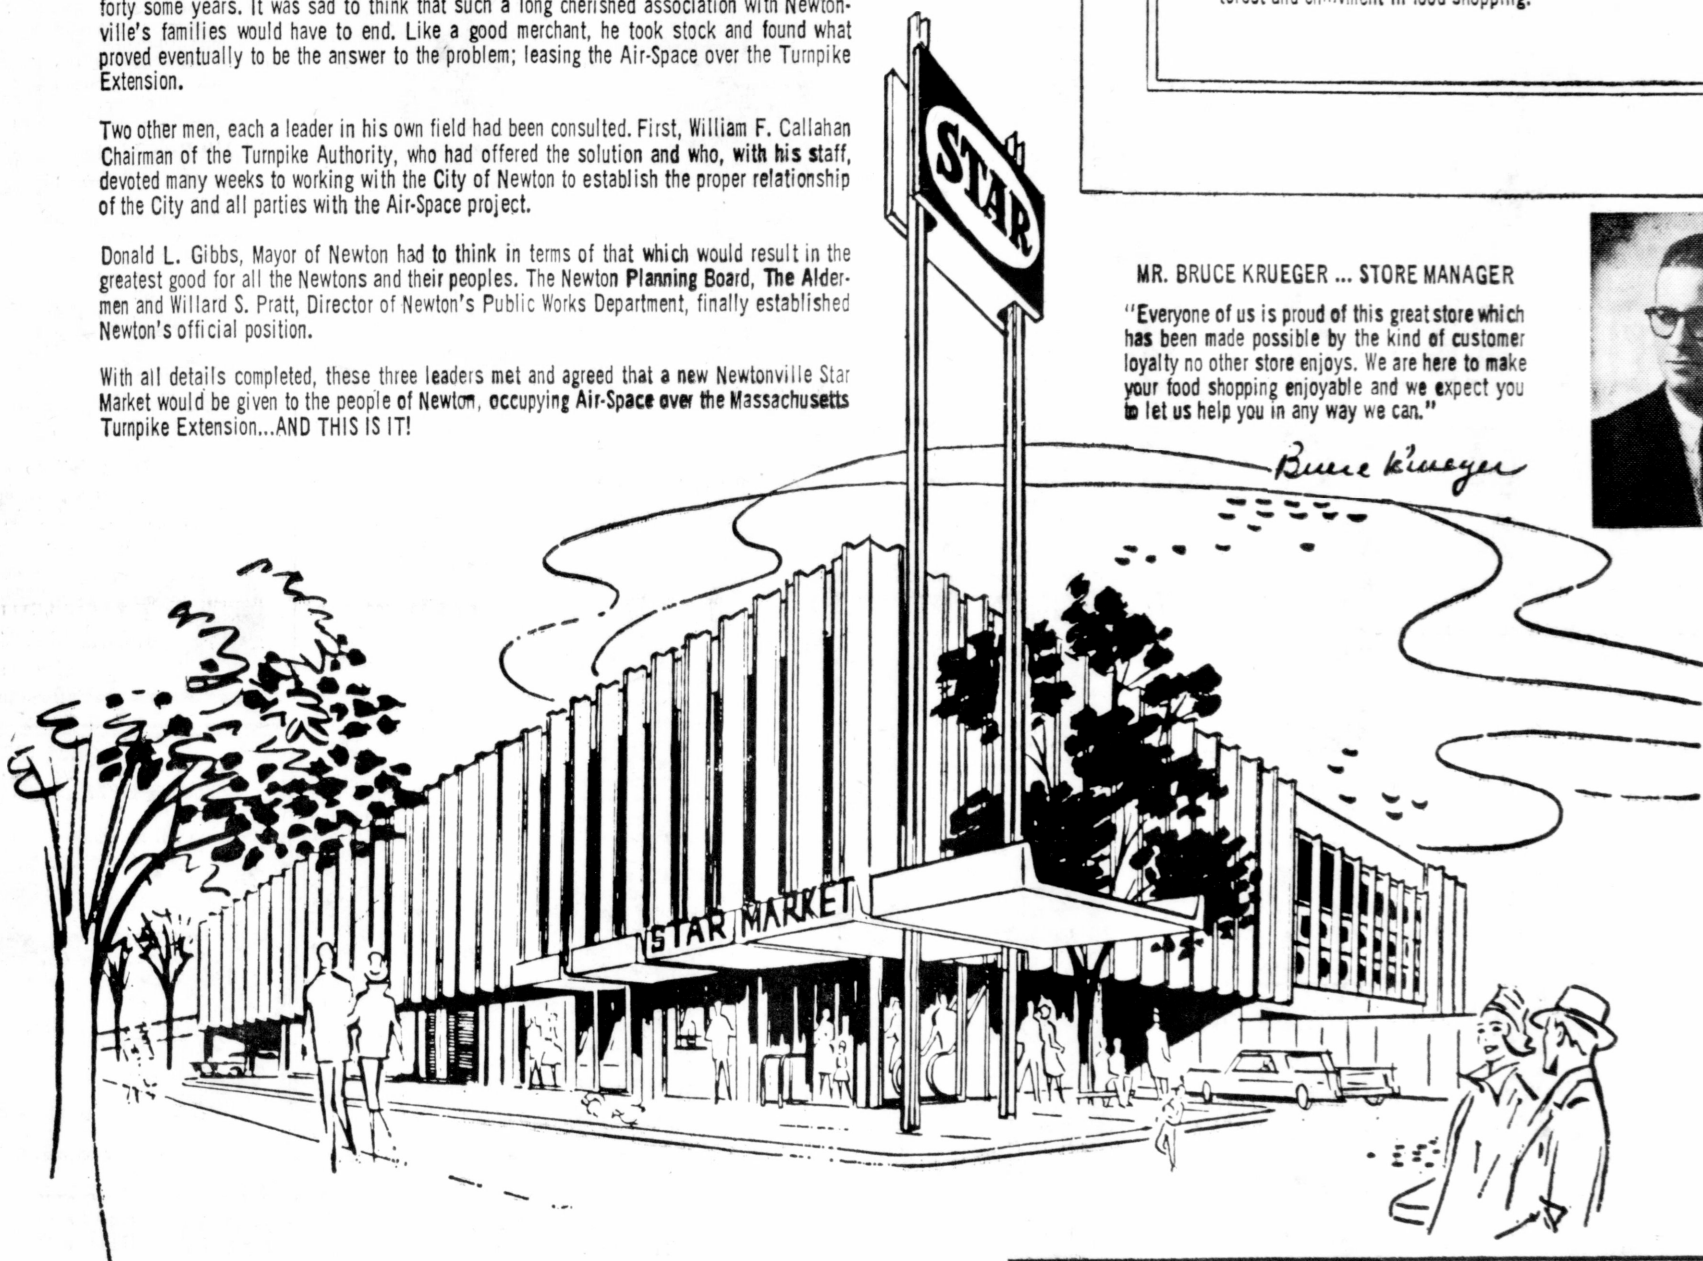

Business neighbors, professional men and others with the best interests of the Newtonville Community in mind, expressed concern about losing Star as the big business magnet for the area. They pledged cooperation with a sound plan to keep the Star Market in Newtonville Square.

Stephen P. Mugar and Star Market had been a part of Newtonville and all the Newtons for forty some years. It was sad to think that such a long cherished association with Newtonville's families would have to end. Like a good merchant, he took stock and found what proved eventually to be the answer to the problem; leasing the Air-Space over the Turnpike Extension.

Two other men, each a leader in his own field had been consulted. First, William F. Callahan Chairman of the Turnpike Authority, who had offered the solution and who, with his staff, devoted many weeks to working with the City of Newton to establish the proper relationship of the City and all parties with the Air-Space project.

Donald L. Gibbs, Mayor of Newton had to think in terms of that which would result in the greatest good for all the Newtons and their peoples. The Newton Planning Board, The Aldermen and Willard S. Pratt, Director of Newton's Public Works Department, finally established Newton's official position.

With all details completed, these three leaders met and agreed that a new Newtonville Star Market would be given to the people of Newton, occupying Air-Space over the Massachusetts Turnpike Extension...AND THIS IS IT!

so many features and dramatic ideas to give you new in-

has been made possible by the kind of customer  
loyalty no other store enjoys. We are here to make  
your food shopping enjoyable and we expect you  
to let us help you in any way we can."

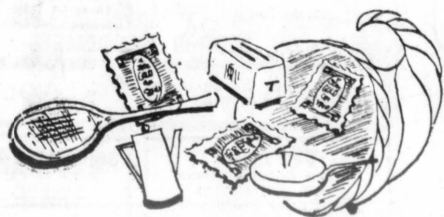

*Bruce Krueger*

Thirteen years ago, when the "old" Newtonville Star Market was just two years old and national television wasn't much older, Stephen P. Mugar, John M. Mugar and Vice President Harry Sandler had enough curiosity to explore the use of television...and "STARRING THE EDITORS" was created and has become the longest continuously sponsored program on television.

Your Star Markets, known as the Quality Leaders among all America's food stores, now own and operate the Brigham's Dorothy Muriel group of stores and have added these traditional good foods to this new Newtonville Star Market.

The true leader always leads. Seeking for a better way to serve you, in this whole world of trading stamps, your Star Markets formed their own Star Gold Stamp Company.

This means that Star does not have to buy stamps from a Stamp Company. This means Star gives you better-value stamps for better-value gifts - it figures!

At Star, you buy the best and get all the rest.

## One For The Book!

When the history of the retail food industry is written, one of the most dramatic chapters will concern the illustrious record of The Star Market Company.

Fifteen years ago, Star built its first Super Market within a few yards of this new store. In that year of 1948, food store experts from the entire nation came to see and copy many amazing, never-tried-before ideas of serving people.

With the Newtonville store, Star served notice it was to be a leader and it has never relinquished that position. So many of you responded and fell in love with Star's friendly personality, and warmth and understanding of your problems. You liked the higher standards of cleanliness, quality and personal service so much, you made it possible to grow larger and greater. Because you liked our way of doing business, you made us a champion, helping us to sell more per store than any other food group in New England.

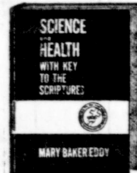

Now, fifteen years later, the same men with the same bold, imaginative planning have again created a FIRST in the retail food industry...a Super Market for the Space Age.

Rising from the rubble and ashes of the demolition of its proud predecessor, this new Star Market will serve you and the community with the same devotion and will continue to merit your faith and trust.

can be completed before the full time schedule goes into effect.

The study of the lake by a biologist is under way and the installation of equipment to create a movement of water through the swimming area should be completed within a few weeks, Penney said. A special appropriation for this special equipment and to treat the lake for algae and aquatic weeds was recently made by the Mayor and Board of Aldermen.

Penney cautioned parents not to allow their youngsters to go to the lake to swim until the lifeguard staff is on duty next week. Workmen will be at the area during this week and swimming will not be allowed.

A policeman will be assigned to the area over this coming weekend. Swimming permits may be purchased daily at the bathhouse starting next Monday, June 10, or at the Recreation Department office at City Hall during regular working hours.

In addition there are members of the committee elected by the City Committee. Serving with Mr. Uehlein, are: Mrs. Alden B. Thresher, first vice president; Robert Tennant, second vice president; Alexander S. Beal, treasurer; Mrs. Thomas L. Easton, secretary; Stanley Miller, finance chairman.

Chairmen of the various wards in Newton who serve on this committee are: Wendell Wilson, Ward 1; Gwendolyn Giles, Ward 2; Melvin J. Dangel, Ward 3; Louis I. # Nonantum Building Destiny Undecided

The problem of what to do with the Nonantum Building at 320 Centre St., Newton Corner, a good portion of which was burned out last December, failed to arouse the Board of Aldermen Monday night to any more positive action than to refer the matter to the Committee on Claims and Rules.

During the course of a prolonged public hearing there were two votes, both unanimous.

The hearing was on recommendation of Vincent D. Burns, commissioner of buildings, who sought to have the Board determine whether the old structure was a dangerous nuisance and, if so, to decide whether its owners should be ordered either to restore it or dispose of it.

With the first vote, the Aldermen decided that no action was necessary as yet, while agreeing that the building should be removed as soon as possible. Later, the Board voted to put the matter in the hands of the Claims and Rules Committee for a recommendation. Meantime, by their questioning of various persons, they indicated a reluctance to act as a collection agency for the building's owners in their negotiations with the building's insurers.

Of the persons questioned, some were in favor of the building's being razed, some were opposed, and one professed himself at first to be on the fence—describing his position as "equivocal."

That latter person was George T. Davis of Weston, attorney for the building's owners.

Fire Chief Frederick A. Perkins testified as to the fire damage, saying that the flames had worked their way up through the wall areas, had destroyed supporting beams, and that in his opinion the structure was unsafe and hazardous.

Building Commissioner Burns, referring to an investigation conducted by his department and the fire department, said that "in our opinion rehabilitation would entail a prohibitive cost. However," he added, "we would be glad to discuss the possibility with the owner and his insurance company."

Atty. Davis told the Board that he had been assured that the owner would abide by any decision the Aldermen made. "Serious thought has been given to the question of whether the building should be restored," he said. He added that the owners feel that the city authorities are best fitted to decide what should be done.

Harry Gorin, who described himself as managing director of the Nonantum property, told the Board that a decision by the Aldermen in favor of the building's disposal would have no affect one way or the other on an advantageous settlement by the insurance companies. "We will be guided by the city's action," he said.

Decidedly against razing and in favor of restoration was Robert Dolbeck of Boston, who said he represented the five insurance carriers with whom the policies had been placed. He declared that investigation by the insurance companies had shown the building to be structurally sound following the fire, and said that in their opinion, the damage was no more than 40 percent of the building's total reconstruction value.

Wendell R. Bauckman, president of the Board, won from Dolbeck a promise that the names of the insurance investigators would be turned over to the Aldermen in writing.

## Jewish Men's Clubs To Hold N. H. Institute

The New England Region, National Federation of Jewish Men's Clubs, will hold its 17th annual laymen's institute at Camp Tel Noar, Hampstead, N. H., on the June 20-23 weekend.

A highlight will be the presentation of a certificate of merit to Eli and Bessie Cohen, through whose cooperation the institute has been able to develop for the past 17 years. It was the first of its kind in the country and has been used as a model throughout this country and Canada by orthodox, conservative and reform groups.

Arrangements were made under the chairmanship of Jacob L. Sieve of Temple Mishkan Tefila and a committee including Joseph H. Rosenshine, Bernard G. Steinberg, Melvin H. Steinberg, I. Murray Rossman and Henry Scheier.

Reservations and additional information may be had from Jacob L. Sieve, 24 Kodaya Rd., Waban, MA 7-7513, or from the brotherhood representative or president.

## Memorial For Fire Fighters Sunday, June 9

Chief Frederick A. Perkins Jr., will preside at the annual memorial exercises for deceased members of the Newton Fire Department to be held Sunday, June 9, at 2 p.m. The Rev. James J. Keating, department chaplain, will give the invocation, and the Rev. John M. Balcom, also a department chaplain, will pronounce the benediction. Guest speaker will be John D. May, WNAE-TV program director. Asst. Chief Timothy D. Herlihy will be in charge of arrangements.

Fire fighters detail will meet at Station 3, Willow street, at 1:45 p.m. and will march to the Memorial Stone in front of Headquarters for these exercises. In the event of rain the exercises will be held in Station 3.

Just prior to the vote by which the matter was referred to committee, Alderman Earle D. Wood declared that the hearing was going far beyond the province of the Board.

## Little League Lines

Tied at 3-all till the last of the 10th inning, the Newton North Indians and Newton West White Sox ended their game last Thursday night on the Albermarle Playground with the Indians having the city championship cinched. Their first sacker, Charlie Gilley, singled in the winning tally after two were out.

Meantime, over on Newton Centre Playground, the Newton East Athletics took the Phillies 4-1, with the Athletics' pitcher, Billy McGivney, contributing a two-run single that helped his cause.

The same evening, the Orioles of the Central League, downed the Pirates 7-3, with Peter Cully turning in a fine

job in relief on the mound and hitting a two-run homer.

Earlier in the week, the West White Sox topped the South Red Sox 10-3 in the third playoff game in the city series. The winners were on a batting rampage, Steve Ruane rapping a grand-slam homer, Colin Clapton having three doubles and a single that accounted for two runs, and Paul McQuiston poking a two-run homer.

In Newton South League play last week, the Braves outstripped the Colts 5-4 on Richardson Playground. A double by the Braves infielder Dave Zeitz drove in the winning tally. For the losers, Jimmy Gamble provided a two-run homer.

In Newton South play last Sunday, the Yankees won their first game in 10 starts, beating the Tigers 6-5. Their pitcher, Charlie Badavis had nine strikeouts, and leftfielder John Delaney singled in the winning run.

The same day, Central Tigers had an 8-5 win over the Indians, Peter Litman and Lee Abbott producing a two-run homer each for the winners. For the losers, Bruce Brody had two doubles and a homer.

The Athletics of Newton East romped with a score of 19-3 over the Red Sox, and the Cubs had a 4-0 shutout over the Phillies.

Braves of the East League outscored the Orioles 7-2, thanks to Stewart Glassman's three-hitter.

Over in the West League,

## School Committee Asks Meeting On Sabbatical Leave Payments

Haskell C. Freedman, chairman of the School Committee, got off a letter yesterday (Wednesday) morning to Arthur A. Marr Jr., city comptroller, in an effort to pave the way for a discussion of differences arising from the latter's stopping of payment to eight school teachers on sabbatical leave.

Freedman's letter also suggested that the eight teachers continue to receive pay checks pending the outcome of the get-together.

The decision to discuss matters with the comptroller came during a special School Committee meeting called

Tuesday night by the chairman.

During the course of it various committee members expressed rather pointed opinions of the comptroller's action in suddenly cutting off payment to the teachers to whom the committee had granted sabbatical leave. Marr's decision came as a distinct shock, they said, and pointed out that Newton teachers had been paid while on sabbatical leave all during the 43 years since 1920.

In Freedman's opinion, the statute cited by Marr as a basis for his action does not apply to the school committee, as it is not considered to be a department of the city. The law, in effect, calls on city departments that order such payments as those in question to provide the comptroller of accounts with affidavits certifying that "funds appropriated for the purpose are not fraudulent, unlawful or excessive."

Various forceful methods by which Marr might be approached on the matter were discussed, but the majority favored one in which a small group would get together with him.

Hence, the group Freedman proposed in his letter to the comptroller consisted only of himself, Mayor Donald L. Gibbs, the city solicitor and Charles E. Brown, superintendent of schools.

Mayor Gibbs, who attended the meeting, told the committee that he had no control over the comptroller of accounts as he was engaged by the Board of Aldermen, and answered only to them.

The committee had intended to act at Tuesday's meeting on the failure of Matt Brown, city solicitor, to reply to its request for a legal opinion on what procedure to follow under the city ordinances that deal with the proper method of getting requests for school construction before the Board of Aldermen. However, an opinion

### Mayor Reviews Project Contract

Mayor Donald L. Gibbs reviews contract for Newton High School renovation. In photo, seated, left to right: Carney Goldberg, architect; Mayor Gibbs; Mrs. Norma W. Mintz, school board members; standing, Vincent D. Burns, public relations commissioner; Isidor Richmond, architect; and Dr. Charles E. Brown, school superintendent.

## \$5 - Million Looms As School Project Cost

Appointment of the architects for the renovation of Newton High School, a project likely to be the most complex and costly of any in the history of the Newton school building program, has been announced by Mayor Donald L. Gibbs.

At this point, with the project in its infancy, no one concerned is in a position to make even a rough estimate of the amount of money that will be needed for construction of an ultra-modern educational plant on the school's Newtonville site.

It can safely be said, however, that the cost will exceed by a great many dollars that of the city's other elaborate school layout, Newton South High, the bill for which, on completion, stood in the near neighborhood of \$4,000,000.

No one in touch with the renovation plan would be surprised should the new Newton High cost hit a \$5,000,000 figure.

The architectural firm, selected by the Mayor's Advisory Committee on Public Buildings, which acts for the city's chief executive in in-

stances of this kind, is Richmond & Goldberg of 30 Newbury St., Boston, members of the American Institute of Architects.

The rehabilitation project's study phase will require many months, with

the design, preparation of plans, and construction occupying at least three years. The new buildings required will, of necessity, have to be erected with school in

## 400 Nurses Return In 75th Homecoming

Newton-Wellesley Hospital observed some important nursing milestones this week.

It was 75 years ago yesterday on the 12th of June in 1888, when the first students arrived at the hospital for nursing instruction. The 75th annual homecoming marked the event recently when more than 400 graduates returned for the affair.

And on Monday, the hospital greeted nursing students of Lasell Junior College. From now on, using their own faculty and the hospital's facilities,

Lasell students will receive their medical-surgical nursing experience at the 260-bed community hospital.

Lasell has 41 students in its nursing program. Newton-Wellesley has about 155 in its school of nursing. Both schools will remain independent, with separate faculties instructing students and supervising bedside teaching.

Commenting on the cooperative endeavor, Dr. Blake Tewksbury, president of Lasell Junior College, said: "The affiliation introduces our students to an outstanding community hospital, and the kind of hospital most Americans use. This represents a logical development in our program, and a welcome opportunity to coordinate hometown resources more fully."

## POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

### Dumaine Uses Shock Therapy To Pump New Life Into GOP

Republican State Committee Chairman Frederic C. (Buck) Dumaine is trying to use shock treatment on the GOP in his efforts to inject new life into it.

While he is practicing his own unique brand of political therapy, a group within the Republican party is quietly mapping plans for a fight to replace Dumaine after a new GOP State Committee is elected next April.

One sure thing about Dumaine, whose chief qualification for service on the Republican State Committee supposedly was his talent as a money-raiser, is that he will not win any prizes for political tact and diplomacy although he may startle the sons and daughters of the GOP into greater activity.

In a speech to the Brookline Women's Republican Club, Dumaine told his listeners that they look for miracles yet "keeping turning down good candidates like Elliot Richardson."

### City-Owned Golf Course Is Proposed

Development of a municipal golf course in the Cold Springs Playground area of Newton Highlands that would include city-owned land on Beacon street, was suggested last week by Alderman Ernest F. Dietz in a letter to Mayor Donald L. Gibbs.

The 75-acre area, much of it peat bog, could be a producer of revenue for the city, and would provide golf facilities for many of the citizens who find that priv-

# All-Out Fight Shapes Up Against Fluoridation

Newton residents probably will vote in the Nov. 5 municipal election on whether they want to repeal or retain the present requirement that the city's water system be fluoridated.

A drive to place the issue on the ballot has been started by a group of citizens who are opposed to fluoridation.

Petitions are now being circulated to obtain the necessary 2500 signatures to put the question before the voters. This promises to be the hottest battle of the fall election campaign.

In the 1961 election Newton voters favored fluoridation by a margin of 12,522 to 11,282.

Opponents of fluoridation declare that they will wage an all-out fight to reverse and rescind that action.

A big group which wants fluoridation will counter with an energetic campaign of its own.

Present indications are that Newton residents will begin drinking fluoridated water late in August.

Water Commissioner Mark F. Croker said last night that the erection of the buildings and the installation of the machinery at the three points where the city's water supply is to be fluoridated should be completed by Aug. 22.

The fluoridation of the water will begin very shortly after that date.

But if the voters should reverse their 1961 decision, the fluoridation of the water supply would be halted a little more than two months after it began.

Mayor Gibbs interpreted the 1961 vote as a public mandate to fluoridate the water.

It is assumed that he will abide by whatever decision the people make in the privacy of their polling places even though the city will have expended approximately \$115,000 for the fluoridation of the water system.

## Summer Reading Is Set Up For Kiddies

The Newton Free Library has invited all boys and girls of Newton to take part in the summer reading program to be conducted in all the libraries of the city with "Benny the Bookworm" as leader.

Each child who reads 15 or more books from the Newton Library before Labor Day, and who brings to the library a brief review of each book, will receive a beautiful certificate in the fall.

This summer reading program will start as soon as school vacation begins, and children may register any time this week at the Boys' and Girls' Library at Newton Corner or at the nearest branch of the Newton Free Library.

All boys and girls are urged to join in the fun and help "Benny" grow inch by inch as they explore the world in books of adventure, science, poetry, humor and fantasy that are awaiting them at the Boys' and Girls' Library and at all branch libraries in Newton. For further information about the Summer Reading Program, call LA 7-1213.

### Committeeman Freedman Will Seek 8th Term

School Committee Chairman Haskell C. Freedman today announced his candidacy for reelection as school board member from the War 6 section of Newton.

Freedman is now completing his seventh term on the school committee. He has served as its chairman since 1958.

In his statement declaring his intention to stand for an eighth term on the school board, Freedman reviewed the growth and development of Newton's public school system during the past 14 years.

"When I was first elected to the Newton School Committee, there were approximately 11,000 children enrolled in the Newton public schools. Today there are nearly 18,000 children enrolled," Freedman stated.

Since 1950 many new programs and curricula have been instituted. New school buildings and material alterations have been built. Despite the rapidly increasing enrollment, Newton has not had double sessions for its school children," he continued.

Dr. Count D. Gibson, Jr., of Newton, has been appointed Chief of Staff of the Boston Dispensary.

He will assume his new duties on August 1st, but will also continue in his current position as Chief of the Home Medical Service of the Dispensary and professor and chairman of the Department of Preventive Medicine at Tufts University School of Medicine.

## Temple Shalom Installs Daniels As President

The congregation of Temple Shalom, at its recent 30th annual meeting, installed as their president Donald L. Daniels, a Newton resident for more than 30 years and a graduate of Boston Latin School and Brown University.

Mr. Daniels was on the temple's founding committee and has worked as the congregation's vice president. He was chairman of the Religious School Committee during the past year.

Mr. Daniels is a past-president of the New England Council of Reform Temples and is currently the chairman of its Commission on New Congregations. He is a member of the National Board of the Union of American Hebrew Congregations.

Although he is a busy insurance executive, Mr. Daniels has also been active in civic and fraternal organizations, having been a participant in the Newton-Wellesley Hospital Building Fund Drive, chairman of the Newton Chapter, American Veterans' Committee; past president of Warren Junior High School PTA; former officer of the Newton Lower Falls and Waban Improvement Societies; and past president of the Joshua Loth Liebman Lodge, B'nai B'rith. Other officers installed at the annual meeting were Dr. and Mrs. Justin Lee Altshuler, presidents of the PTA; Mr. Arnold Daum, president of the Brotherhood; Mrs. S. Sydney Gold, president of the Sisterhood.

Mr. and Mrs. Otto Stadler, custodians of the Temple since it was founded, were presented with gifts on behalf of the temple and its auxiliaries on the occasion of their retirement.

Dr. Meyer Ritvo, retiring president, delivered the annual report of the progress made during the preceding year. Sidney Simons, a past president of the congregation, presented Dr. Ritvo with a Kiddush Goblet on behalf of the temple.

Rabbi Murray I. Rothman,

spiritual leader, called to the attention of the assembly the new high standards set in many areas of congregational life, and expressed his thanks to the outgoing president and those who served with him. He expressed the hope that the new administration would enjoy a year of fruitful service. "There is still much to be done," said Rabbi Rothman, "but with God's help we shall go 'from strength to even greater strength'."

## Conservation Group In Lower Falls Area Tour

The burst of activity along the Charles River in Newton Lower Falls was explained recently to 40 or more interested hikers by Charles W. Greenough, associate M.D.C. commissioner. The topic was sponsored by the Wellesley Conservation Council, Inc., and Newton Conservators, Inc.

In Greenough's opinion, this entire Lower Falls-Wellesley section is as good an example as exists anywhere of a complex riverbank situation. Back in the 1890s at the time of the original Metropolitan Parks landtakings along the river, there were several mills in Upper and Lower Falls still in operation.

The mills are now useless and are often bought up by individuals who tear them down and replace them with no thought of turning riverbank frontage into an asset rather than a liability.

"But," says Commissioner Greenough, "Edward S. Stimpson III is an exception to this general rule." Stimpson bought the old Sullivan mills which until recently straddled the sluiceway, or old third channel, at the Washington Street bridge. Part of the cleared land will be used as business property parallel to the river facing Newton.

Stimpson decided to turn over to the MDC his underwater rights to the middle of the Charles. In return, the MDC has used its unkempt, man-made island at Washington Street bridge as fill for the old sluiceway and has thus acquired for itself a strip of park land along the river varying in width from 20 to 25 feet.

MDC control of the river frontage from the Boston and Albany Railroad bridge all the way to Washington Street will be complete as soon as the question of encroachment of part of Acumeter's parking lot on MDC property is resolved, says Mr. Greenough. Both Newton and Wellesley tour members felt it would be desirable if other developers planning construction on the banks of the Charles would follow Stimpson's example.

Another complex, back-scratch arrangement has produced the most glamorous river frontage in Lower Falls—the Donahue gardens. Thomas F. Donahue owns property facing on Washington Street, but a riverbank strip behind his houses is owned by the MDC. Donahue has what is called a landscaping easement on this strip of black magic—Charles River loam which produces luxuriant plants without fertilizer. Mr. Greenough is delighted with this arrangement and wishes the MDC had more like it.

Both Newton and Wellesley conservation groups feel that costly mistakes could be prevented by close cooperation between landscape architects and engineers on highway projects along the Charles River. The Boston Society of Landscape Architects was represented on the tour by Laurence W. Zuelke of Lincoln.

ate courses here have limited or closed membership or have dues and entrance fees beyond their means, Alderman Diez believes.

The Ward 6 Alderman and Recreation Commissioner John B. Penney some time ago consulted an official of the National Golf Association, who inspected the area and recommended construction of

an 18-hole par-60 course, a layout that has won favor for municipal operation.

It would have mostly par-3 holes and a few of par-4, would be fast moving and ideally suited to the average golfer, the young player, women and older citizens.

The Alderman has asked the mayor to study the proposal and to appoint a special committee to lay the groundwork for a complete plan.

## Headlights and Highlights From Newton High School

By PAUL SHAPIRO

A reception honoring four retiring Newton High School teachers was held last Thursday afternoon in the Riley House Commons Room.

Leaving the school system are Andrew W. Steinhope, head of the business department; Kenneth G. Packard, language teacher; Frederick O. Holmes, history teacher; and Miss Ruth M. Twiss, business instructor.

Samuel Gross, a junior at Newton High, will be one of a group of 16 high school students who will spend 10 weeks this summer in Russia, Czechoslovakia, Poland, and Hungary as part of an East-West Travel Seminar. The groups, which are sponsored by World View College, will discuss world problems with the youths of foreign nations.

Barry Rosen of Newton-High School and Mark Phillips of Newton South High received the M. Roland Heintzelman Awards for Creative Achievement in English. Honorable mention went to Leslie Claff of Newton High. Rosen's manuscript was entitled, "Logical Positivism in Liberal Education." Each of the two winners chose his own award book and a second copy of this book was then donated to the school library.

The Newton High School Music Club recently presented a Concert of Original Compositions in the N.H.S. Auditorium. The compositions were those of the students in the school's two music theory classes, and all the compositions were arranged and orchestrated by the composers.

First on the agenda was "Sans Souci," written by Vicki Grant and played by the N. H. S. Symphony Orchestra. Next, the Wind Band, the percussion instruments, and the piano were featured in "Ostinato Chromatique," by Jeffrey Hale. Following this number, the Vocal Quartet, consisting of Marilee Wyman, soprano; Diane Hunter, Alto; William Scar, Tenor, and David Yeo, Bass presented Judy Lee's "When Comes the Arrival of Spring."

The Symphony Orchestra's second piece was "Escape" by Michael Barr of the Theory II class. "Empty Arms," was written and sung by Judy Gersh, with Bruce Karp as accompanist. Next, the Symphony Orchestra returned to

## LETTERS

**Thanks Aldermen**  
 The Newton Graphic  
 Editor:

As spokesman for more than 20 residents of the Newton Highlands area adjacent to Needham and Winchester Streets, I wish to express our thanks to the Newton Board of Aldermen for their recent stand in denying a petition for the establishment of a gasoline station on the corner of Needham and Winchester Sts.

Our aldermen, recognizing the already intolerable traffic conditions in the area, wisely refused to further endanger motorists and pedestrians.

When we read daily of the disregard for citizen's rights in many of our Massachusetts cities, it is indeed gratifying to own property in a city where the voice of the people is considered important to the elected representatives.

May our aldermen long continue to render equitable decisions with courage, thereby strengthening the foundations of democracy.

## Politics .... (Continued from Page 1)

Dumaine may have been only trying to say a good word for Richardson in the latter's home town. But is sounded as if he were taking a round-house swing at Attorney General Edward W. Brooke in the process of praising Richardson.

If he wasn't deliberately trying to needle and provoke Brooke, who opposed his election as Republican State Chairman, Dumaine's tribute to Richardson was clumsily worded.

The only time Richardson has run for elective office — and obviously the only time he has been turned down — was when he waged a losing battle against Brooke last year for the Republican nomination for Attorney General.

Richardson, incidentally, is regarded as a probable candidate next year for the GOP endorsement for Governor unless Congressman F. Bradford Morse of Lowell, a close friend of Richardson, decides to give up his seat on Capitol Hill and stand for the Governorship.

He came within a hair-breadth of capturing the endorsement for Attorney General over Brooke at the Republican State Convention just a year ago. His supporters still insist he would have won a first-ballot victory except for an error made in tabulating the votes.

Richardson would be a potent contender at the 1964 GOP conclave if he sets his sights on the Governorship even though his primary fight with Brooke did leave some scars. Substantial elements within the Republican party are prepared to support Richardson if he runs.

The blunt, outspoken Dumaine, who is still a novice in politics, presumably didn't intend to start any gubernatorial boom for Richardson. However, he did help to project the Brookline man into the spotlight.

When the Brookline Republicans settled back to hear Dumaine's speech, they expected him to roll up his sleeves and level a searing attack upon the Democratic party generally and Governor Peabody's administration in particular.

Instead, Dumaine reared back, blasted out and in his own words "insulted" his Republican listeners in his attempts to prod them into greater activity. It will be interesting to see what results that strategy produces.

## State Senate Shows Why Its Image Good

A striking illustration of why the State Senate has a far better public image than the House of Representatives is provided by the conflicting approaches the two legislative bodies are taking to the coming election of a new Sergeant-at-Arms to fill the vacancy caused by the death of the late Leopold Lepore.

A majority of the Senators, following the leadership of President John E. Powers, are backing Edward T. Dinan of Scituate, a career man with 34 years of service in the Sergeant-at-Arms Department, for the position.

Some of the more responsible members of the House also have indicated their intention of voting for Dinan.

A sizeable number, however, are either playing politics on the matter or are giving their tacit approval to a proposed deal under which two or three present or former politicians would be leap-frogged over career employees.

Two House members are actively seeking the position.

## Anti-Discrimination Law Is Meeting Theme

Mrs. Mildred Mahoney, chairman of the Massachusetts Commission Against Discrimination, was the speaker at the sixth annual meeting of the Newton Fair Housing Practices Committee, held recently at the First Unitarian Society in West Newton.

A member of the commission since its creation in 1949, Mrs. Mahoney explained the recently passed law prohibiting discrimination in housing which goes into effect July 1 of this year.

This legislation extends the current anti-discrimination law to the sale and rental of private houses, as well as maintaining the ban on discrimination in the rental of almost all apartments, making it one of the most comprehensive and advanced laws in the nation.

The success of this law depends on citizens who will notify the M.C.A.D. when violations occur.

The commission, which is charged with enforcing these statutes, and aware that prompt action is imperative in most cases, tries to initiate investigation of each complaint within 24 hours of its filing.

The Newton Fair Housing Practices Committee urged its members to support a bill now under consideration by the Legislature to reimburse the moving costs and give relocation advisory assistance to those forced to relocate because of any taking by eminent domain, such as road construction, public housing, etc., where such assistance is not already mandatory.

The bill, H 3485, based on the bills filed by Newton legislators Michael Galvin, Joseph G. Bradley and Irving Fishman, would cover communities in Newton's position of a year ago with regard to the turnpike construction.

Mrs. C. Leon Hopper and Mr. and Mrs. A. Donn Kesselheim, all former chairmen of the committee and among its original founders in 1958, and who are now leaving Newton, were honored by the committee.

Elected for the coming year are co-chairmen: Dr. Paul Deats, Mrs. William Jones, Mrs. Herbert O. Le-

## "MEMOS" FROM YOUR Stylist

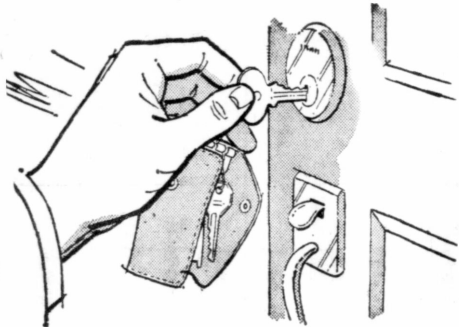

MR. CORY OF CONTINENTAL

In the course of applying make-up, some women appear to forget or ignore a few basic fundamentals. Keep in mind, for instance, that lighter make-up tends to bring out the area it's applied to. Conversely, areas one wishes to show less prominently, are shaded with darker make-up. Remember, too, to use a light touch to avoid the heavy, splashy clown-like effect of make-up applied too vigorously.

Something else to remember when it comes to attention to your hair is CONTINENTAL COIFFEURS. Whether it be tinting, styling, or a permanent given by careful, experienced operators, you will discover that your hair can truly become your crowning glory at CONTINENTAL COIFFEURS—2 locations for your convenience—74 Langley Rd., Newton Centre, Phone WO 9-8317, and at 1271 Washington St., West Newton, Phone LA 7-9229.

## Indian Articles Made By West Newton Youths

Children of the church school, First Unitarian Church of West Newton, gave a demonstration of their skills in arts practiced by the Indians of Guatemala as a part of "Guatemalan Market Day" in the Parish Hall last week.

They made tortillas, jewelry, masks, pottery, etc., as a result of studies under Mrs. Nevin Scrimshaw, 12 Valentine St., West Newton, who had lived in Guatemala, Mrs. Arthur Laughland of 340 Hammond St., Chestnut Hill, and Parker Lord, 249 Crafts St., Newtonville.

Mrs. William O. Wise, Jr., of 6 Richards Circle, West Newton, supervised their tortilla and fruit punch making.

The program's purpose was to help the youngsters understand and value the Indians as worth while individuals. Said Dr. Leslie T. Pennington, pastor of the church, "Our religion believes in the dignity and worth of men—all men everywhere. Cultural studies introduce youngsters to people who live quite differently from the way we do, stressing both fundamental human qualities and the great variety of social patterns."

## Physical Ed Seen Inadequate In Lower Schools

A report on the status of physical education in the elementary schools was taken under advisement by the School Committee Monday night.

Joseph A. Gettuso, principal of the Emerson School, and Miss Helene Breivogel, supervisor of elementary school physical education, speaking as members of a committee of elementary principals, described at considerable length the physical education needs as noted over a two-year period.

Mr. Gettuso urged the immediate appointment of three additional members of the physical education staff at a total cost of \$15,750 per year. Both he and Miss Breivogel explained that the physical welfare of the youngsters was being sorely neglected due to a number of reasons under the existing setup. For one thing, they said, many of the elementary teachers lack training in all phases of the subject. Also, the number of special teachers, or consultants, is so small they cannot get around to all the schools frequently enough to provide what should be done.

## OPEN LETTER

## TO SAFETY MINDED MOTORISTS

HOW GOOD IS A "BARGAIN" BRAKE RELINING JOB? — Sometimes you'll see an advertised price of 15.95, or even lower. A really GOOD job can't be done at that price. We know. We do a good job. Ours run closer to \$25. Sometimes lower, sometimes higher. It depends. Each job varies . . . a little, not much. And we let you know . . . before any work is done. We feel, where your safety is concerned, that price is not the primary consideration.

So . . . if your brake pedal is soft, or your car pulls one way or the other when brakes are applied, drive in today. We'll inspect your whole braking system for about \$1 . . . and make the proper adjustments, if that's all you need. If the trouble is more serious, we'll give you an appraisal you can trust. Call 875-6181 for an appointment . . . for safety's sake.

There comes a day in the lives of most men when they are shocked to learn they can't buy life insurance. Beyond doubt, if they could have known "yesterday" they'd have bought all the insurance they could afford. Most of us will admit we need more life insurance protection. The only expensive insurance is the policy we couldn't buy because we waited too long.

#### SAVING is the big word in SAVINGS Bank Life Insurance

The new information rack at your nearest Savings Bank or Institution for Savings is filled with valuable facts everyone interested in family protection wants to know.

HOW TO BUY THE MOST PROTECTION FOR YOUR MONEY will help you decide what type of policy is best for you. Other folders explain popular features of TERM Insurance and policies for CHILDREN, HOMEOWNERS and FAMILIES.

The balance of the rack is devoted to individual cards. Just take the card showing your age (nearest birthday) which has premium rates that are lower than you thought. Be sure to take a card for each member of your family.

Savings Bank Life Insurance has been available since 1907 exclusively for people who live or work in Massachusetts. Policies totaling more than \$650,000,000 are now in force.

**RIBBON CUTTING AT MOSHER'S** — George White, president Newton Chamber of Commerce; Cliff Mosher, proprietor of newly renovated men's store, and Mayor Donald L. Gibbs, left to right, at recent ribbon cutting ceremonies held at Newton Centre establishment.

#### High Honors To Graduate From Newton

William E. Hart, son of Mr. and Mrs. John E. Hart, 18 Hemlock Rd., Newton, has won scholastic recognition as one of the outstanding seniors in the 1963 graduating class at Merrimack College.

He received the degree of Bachelor of Science, Magna Cum Laude, in Civil Engineering, at exercises held recently.

The Newton student has accepted a scholarship covering full tuition, room and board, at Villanova University's School of Law. He also was awarded a scholarship by the School of Law at Duke University and was accepted for study at Boston College.

He is the first of Merrimack's engineering graduates to enter law school.

#### Springfield Degrees For Two Students

Bachelor of Science degrees in Physical Education from Springfield College were awarded to two Newton students at recent commencement exercises.

James B. Gifford, son of the Rev. and Mrs. H. Gifford, 56 Somerset Rd., West Newton, was a member of Sigma Delta Psi, the varsity track team and Varsity "S" Club at the college. He plans to teach social studies.

Richard P. Hession is the son of Mr. and Mrs. F. Hession, 41 Lewis St., Newton. He was a member of the varsity track team, president of the Men's Dormitory, Student Progress Committee, St. Thomas Aquinas Club, varsity cross country team, Sigma Delta Phi, and the Varsity "S" Club. He plans to continue his studies at Springfield towards a graduate degree.

#### James Levine Gets Degree From Mass. U.

Through an error in the graduation listing received from the school, James Levine, 84 Boylston St., Chestnut Hill, was incorrectly published as Joseph Levine (in last week's Graphic.) James Levine received a Bachelor of Science degree from the University of Massachusetts.

He is a 1959 graduate of Newton High School. He received the Cabot School PTA scholarship, also the University of Massachusetts Engineering Alumni Scholarship. He was business manager for the university bands for three years and participated in the university orchestra and bands for four years.

He is a member of Alpha Sigma Phi where he served as treasurer. He is the son of Mr. and Mrs. Harold Levine.

#### Mosher Men's Store Reopens

Reopening ceremonies of the newly renovated Mosher's Men's Store, 1221 Centre St., Newton Centre, were held recently after five weeks of closing for complete renovation. Mayor Donald L. Gibbs officiated at ribbon cutting ceremonies.

Along with the modernized street floor shop, is a newly established basement Blade Shoppe to serve the style requirements of the teen and college man.

This specialized department will be under the management of Robert Wallwork of Newton Centre.

The enlarged facilities have been carefully planned and completed to enable Cliff Mosher, proprietor, and his staff, to more conveniently serve the public with proper clothing advice and co-ordination and to offer a wide range of distinctive clothing selections.

(Continued from Page 1)

"Newton's progress in the field of education has established it as one of the best public school systems in the country as is evidenced, among other sources, by the frequent tributes paid it in the national magazines and press," the school committee head observed.

"Only recently, Professor Jerome Bruner of Harvard College told a Newton audience that the Newton public school system was one of the very best in the nation," Freedman pointed out.

"I am proud of such contributions as I may have made to the Newton public schools during my terms of service," he added.

Freedman is a graduate of Harvard College and Harvard Law School. He has served as president of the Massachusetts Association of School Committees, Inc., and is presently its legislative counsel. He also is chairman of the Citizens' Advisory Committee to the Massachusetts Council for Public Schools, Inc.

Chairman Freedman has been active in the affairs of the National School Boards Association and has served on its Constitution and By-Laws Committee, Nominating Committee and is presently a member of its Special Committee on Teacher-School Board-Superintendent Relationships.

He resides at 118 Homer street, Newton Centre, with his wife, Beatrice, and their son, Jeffrey M., a 1961 graduate of Newton High School who has just completed his sophomore year at Harvard College.

(Work, Health, Love) and then extinguishing them was performed by Lynn Wheeler, Leona Levenson, Myra Waterman, Lisa Rosencranz, Merry Rowe.

One of the high points in a girl's Camp Fire experience is receiving her Group Torchbearer and then individual Torchbearer in one of the seven crafts—home, outdoors, creative arts, frontiers, sports, business, citizenship. ## Little League Lines

There was a lot of mighty fine baseball played in Little League contests during the past seven days, with many of the games close and exciting to watch.

Alertness on the base lines gave Newton South Colts a 4-3 win over the Red Sox. Andy Berezin scored the decisive run after stealing second and getting home on an overthrow to third when Paul Selby poked a ground ball.

In a West game, the Orioles clobbered the Pirates 14-4 with a 13-hit field day, highlighted by a bases loaded double by Bill Ferguson.

Central Braves and Indians played a close one, with the Braves on top of the 5-3 score. Joe Crowde of the Newton North Indians chalked up a one-hitter to beat the Dodgers 9-1. A double and a single by the Indians' Mike Green drove in three runs.

The South Braves-Giants tussle was a squeaker, the Braves winning it 6-4, with the Giants' Ronnie Arcese striking out 11 Braves, and Jack Monahan walloping a grand slammer, his second homer in two days.

In the Central League, there was action aplenty when the Tigers and Orioles came together. There were 21 runs scored, but the Tigers, with 11, had the most. Glenn Champagne and Peter Litman of the Tigers each had a two-run homer. Steve Santapio of the Orioles, hit a grand slammer.

In another near one, it was Newton North Yankees 8, Indians 7. The Yanks' first sacker John Reynolds drove in three runs with a triple in the final stanza.

It was Red Sox 4, White Sox 1 in a Newton West affair. Port-sider Milewski of the Red Sox fanned 13 and scattered three hits.

The East League Phillies lost to the Braves 7-4 despite a mighty 3-base poke by left fielder Berry. Peter Karis, Braves' catcher doubled in the fifth, scoring shortstop Andy Schwartz.

Paul Britt of the Newton West Redlegs had a one-hitter for four innings in a game with the Braves when it was called off because of rain. The score at the end—Red Legs 4, Braves 2. A Skip Fawson double in the final stanza gave the Red Legs two of their runs.

Two pitchers combined in production of a no-hit game Sunday at Gill Stadium, when the Newton West White Sox set down the Pirates 11-0. Colin Clapton and Mike Sturniolo divided the mound

processional and recession. The Camp Fire Girls is a Red Feather Agency participating in the United Fund.

work for the Sox. Clapton also starred at bat, driving in two runs on three hits.

In another West contest the same day, the Orioles had a 4-3 win over the Braves.

South League action saw the Giants take the Red Sox 6-4 with the help of Tom Keyes, who had a three-run homer and a one-run single. The Yankees edged the Braves 3-2, Eric Black singling in the deciding counter.

Dave Zeitz of the losers had a homer.

In the East League, the Athletics submitted the Senators to a home run onslaught that gave them a 10-7 victory.

Rolly Kreger contributed a pair of circuit clouts for the Athletics, and teammate Billy Starr came through with one. Tom Rezutti had one for the losers.

The East Braves topped the Red Sox 7-6, Andy Schwartz doubling home the winning tally.

The Tigers slaughtered the Phillies 13-3 in a Central League game, Glenn Champagne having a home run, two doubles and a single, and Clarke Berry homering once and singling twice.

Sparkling the Newton South Yankees to a 13-1 win over the Colts was Chris Quinn, who had a homer, a double and a single. Ten-year-old Stanley Schwartz did well on the mound, allowing only five scattered hits.

It was East Braves 11, Red Sox 5, Peter Karis allowing only three hits.

A two-run double by John Flanagan was the key as the Central Pirates downed the Braves 5-2.

There was fast action on Little League diamonds Monday night in the North, South West and Central divisions.

John Reynolds' three-hit pitching gave the North Yankees a 9-3 win over the Dodgers. He had 11 strikeouts as his team won its fourth in five contests. Shortstop Bob Muse hit three for three.

With Catcher Carl Anderson accounting for five runs with a home run and a pair of singles, The West Orioles-Redlegs game ended 8-2 in the Orioles' favor.

Peter Litman of the Central Tigers had a 3-0 shutout over the Pirates. His teammate Clarke Berry, first baseman, poked a homer.

In the South League, the Tigers lost to the Colts 1-0, when the Colts' Dick Hirschfeld got a run-producing double. The Tigers got only a single hit off Andy Berezin.

In other games, the Central Braves beat the Phillies 18-2, the Central Tigers overcame the Phillies 13-3, South Red Sox took the Tigers 7-2, and South Yankees edged the Braves 3-2.

## CLASSIFIED DEADLINE - TUESDAY 12 O'CLOCK NOON

## Health For All

Some startling information usually gets unearthed when groups of people start giving out their autobiographies. And of course everybody does just that from time to time, whether in the form of an income tax return, a survey questionnaire, a job application, or an insurance benefit bid.

Not long ago, when disabled persons were declared eligible for Social Security benefits regardless of age, the resulting applications touched off a medical surprise. A disease few people had ever heard of, and practically nobody could pronounce, was found to be the second ranking ailment among all those listed as causes of disability.

This unpleasant little item, a lung disease called emphysema, affects chiefly men over 50. As it progresses, it results in the obstruction of air spaces in the lung, causing severe difficulty in breathing. The condition comes on gradually, and at first may take the form of a slight shortness of breath that is mild but disproportionate to any physical effort expended. Eventually it can progress to a point where the affected person is short of breath on waking up in the morning.

As a matter of fact, shortness of breath that comes after no special exertion can be a sign not only of emphysema but of any one of a number of ailments in the group called RD—Respiratory Disease. Shortness of breath may seem a trivial discomfort, easy to brush aside with excuses and a hope that it will go away and stay away. And yet, if not investigated, it can turn out to fit the slogan made popular by Milt Gross, satirist of a generation ago: "From this come the worst diseases."

### \$10,000 Price For Demolition

Mayor Gibbs will submit a message to the Board of Aldermen next Monday night recommending the appropriation of \$10,000 to pay for the demolition of the old Horace Mann School which was seriously damaged by fire a few weeks ago.

Gibbs said the work of tearing down the now abandoned school on Watertown street, Newtonville, would not be started until the city receives its payment from the company which insured the building.

A new Horace Mann School is being built across the street from the old school.

### Local DAV To Back Bouchard For State Post

Delegates and alternates were elected at a recent meeting of the Chaplain William J. Farrell Chapter, No. 23, Disabled American Veterans, to attend the State Convention at Springfield on June 27, 28 and 29th.

Commander Robert H. H. Nichols, stated, "We are happy to send a full delegation to cast our votes for our own candidate, Past Commander John E. Bouchard, for the office of Department State Vice Commander."

### Supreme Court To Rule Soon On Crime Board Indictments

Within the next 10 days or two weeks the Supreme Court will hand down an extremely important decision on the validity of the indictments returned by a Grand Jury against three public officials on the basis of information unearthed by the State Crime Commission.

If the State's highest court upholds the indictments, Brooke will soon thereafter seek indictments against other prominent figures which would rock the Commonwealth.

Brooke, it has been learned, wanted the issue as to the legality of indictments for alleged violations of the old bribery law, settled once and for all by the Supreme Court in order to avert any possibility of conflicting rulings by Superior Court justices.

If the court throws out the indictments, no other persons would be indicted under the bribery law.

If the court holds that the indictments are valid, there would be no purpose for defense attorneys for

## Chamber of Commerce In Unique Membership Plan

The Newton Chamber of Commerce's "1963, One-Day Membership Drive" will be launched on Tuesday, June 25th, according to the announcement today by George L. White, president of the Chamber of Commerce and president of the Newton-Waltham Bank and Trust Company.

President White stated that the steering committee for the one-day campaign has selected 200 prominent Newton business firms as prime prospects for the drive. They will be visited by Chamber representatives on Tuesday.

Top management personnel of these outstanding local firms also will be on the receiving end of three personalized mailings, explaining the finer points of membership in Newton's bustling and forward-looking organization.

A Chamber spokesman told the Graphic that individuals, representing firms doing business here, who receive the personalized mailings, may be interested to know that they are hand-picked prospects whose standing in the world of commercial enterprise warrants their being a part of the Newton Chamber of Commerce. The visit by some member of the committee will be a follow-up to all the letters.

Justin T. Horan, executive director of the Chamber and one of the prime movers in the all-out "One-Day" drive, stated that Mayor Donald L. Gibbs, always an ardent supporter of the Newton Chamber of Commerce and its extensive and imaginative programs here, has lent his personal backing to the membership drive.

This will take the form of a letter addressed to each prospect.

Mayor Gibbs' letter compli-

ments the Newton Chamber of Commerce as "an effective group, counseling well for

the interest of the businessman, developing programs,

Postmaster Ephraim Martin, right, is shown as he presented Certificate of Merit to Morris Rayvitz, Chestnut Hill, for suggestion submitted by him to facilitate mail handling.

### Postal Award Given Newton Office Clerk

Morris Rayvitz, of Chestnut Hill, has been presented a Certificate of Merit and a cash award by Postmaster Ephraim Martin, of Boston, in recognition of a suggestion submitted by him.

Rayvitz is a financial clerk at the Newton Centre Post Office and probably

has served more patrons in Newton than any other individual clerk in this area.

His suggestion grew out of a plan he was using at his own office to help patrons with the mailing of their foreign parcels overseas.

## Southern Negro Students Have Fine Newton Record

A reception held recently in the home of Mr. and Mrs. Proctor Houghton, 152 Chestnut St., West Newton, had three young Negro students as

guests of honor. They have been studying here and have fine scholastic records.

They were brought here from Prince Edward County, Va., where public schools were closed since 1959 to avoid compliance with court-ordered school desegregation.

They were sponsored by the Newton branch of the Greater Boston Committee for the Emergency Placement of Prince Edward County Children, of which Mrs. Houghton and Samuel Turner are co-chairmen.

The youngsters' scholastic

# Bible Reading Ends In Newton Schools Friday

A portion of the Bible will be read tomorrow (Friday) morning in the Newton public schools for the last time.

Before the city's public schools reopen next September, a directive will be issued to discontinue the traditional Bible readings which have been required under State law.

A meeting of the School Committee is scheduled for next Monday night. But since public schools close for the summer tomorrow, the question of Bible readings will not be an urgent one and probably not even be taken up at that session.

Copies of the full text of the Supreme Court decision have been ordered from Washington so the School Board may read it before taking any official action.

However, the issue for all practical purposes already has been resolved.

When the School Committee members vote on the matter, they will have before them a communication from

the State Department of Education ordering that the Bible readings be halted.

Newton school officials had little comment on the

Supreme Court decision other than to say they have every expectation of complying with it.

They explained that they

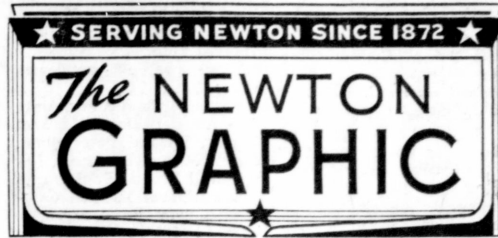

have no authority to halt the Bible readings until instructed to do so by the School Committee.

Under the procedure followed in Newton's public schools, a part of the Bible or The Lord's Prayer was read in each classroom either by the teacher or by the student in charge of the morning exercises.

Newton parents of public school children greeted the Supreme Court ruling with mixed reactions.

A majority of those questioned were sharply critical of it and expressed the conviction that it will eliminate

### Luxury Motel At Norumbega Again Sought

Marriott Motor Hotels of Newton, Inc., has filed a second petition in its quest for permission to erect a luxury motel complex in Norumbega Park, Auburndale.

The first petition had a public hearing in City Hall last November, when a number of Auburndale residents appeared in opposition. There was never any action on the matter by the Board of Aldermen.

At the time, the petitioners asked for use of eight acres and a change in zoning from Residence "C" to Business "A." This time 10 acres are sought, and the zoning change is from Residence "C" to the new Business "AA."

The Marriott group is a subsidiary of Hot Shoppes, Inc., which operates de luxe motor hotels in Washington, D.C., Philadelphia and Dallas, Tex.

Plans call for demolition of the Normandy Room and Totten Pole Ballroom. A hearing will be assigned at the next meeting of the Aldermen, Monday, June 24.

### Gift Of Pakistan Garland

Dean Marie Farrell, B.U. School of Nursing, a Newtonville resident, receives traditional "Har" of golden thread upon recent retirement from Susan Ivy Lawrence of Pakistan, a B. U. senior. Presentation was made at testimonial dinner to Dean Farrell.

## Newton-Born Priest Is Cardinal's Aide

A 35-year old priest and Newton native, Father Daniel A. Cronin, is Boston's man-of-the-week at the moment.

Father Cronin who has spent most of his priestly

life in foreign posts, in Rome and Addis Ababa, Ethiopia, holds the distinction of being the only priest allowed by law to accompany Cardinal Cushing into the Vatican conclave out of which will come the next occupant of the Chair of Peter, and successor to the beloved Pope John XXIII.

Father Cronin this week will act as secretary to Cardinal Cushing when he enters the most solemn single act of his career — the election of a new Pope, the Boston Pilot announced over the week-end.

The young cleric, whose family home is at 265 Grove St., Cambridge, will be the Boston prelate's only companion at the Vatican conclave, since the exceptionally large number of cardinals who are eligible for the conclave limits the space.

Father Cronin studied for the priesthood at St. John's Seminary, Brighton, and at

NORMA W. MINTZ

### Norma Mintz To Seek Election To School Board

Mrs. Norma W. Mintz of 50 Beaumont ave., Newtonville, this week announced her candidacy for election as the Ward 2 member of the School Committee, a position she presently holds.

Mrs. Mintz was appointed to the School Board at a joint meeting of the School Committee and Board of Aldermen last July to fill a vacancy caused by the resignation of Mrs. Genevieve Oneley.

Information on tickets may be obtained at the Catholic Guild for the Blind, 770 Centre St., Newton 58, or by calling Miss Cavanaugh at 969-6200.

### Dad Gets Degree On Fathers Day

Warren F. McElroy of 1144 Chestnut street, Waban, celebrated Father's Day by being graduated from Northeastern University while his wife and four sons looked proudly on.

A packaging engineer with Sylvania Electric, he attended night school for seven long years in order to get a B.B.A. degree in Engineering on Sunday, June 16.

He received his associate degree in electronic engineering in 1954, and prior to that was graduated from the Anti-Aircraft and Missiles School at Fort Bliss, Tex.

Because the regulations are quite complicated and precise, Rayvitz drew up a chart or visual aid to enable his patrons to follow the instructions more clearly and quickly right at the lobby desks.

This allowed a more efficient handling of patrons at the windows and gave the patron with the foreign parcel clear and visual instructions for mailing his parcel.

Rayvitz' colleagues at the Newton Centre office are quite proud of Morris and the award he won for himself and for the distinction it has brought to the Centre office.

She is the wife of Attorney Richard Mintz and the mother of two daughters.

A members of the Newton League of Women Voters, Mrs. Mintz has served on the Board of Directors of both that organization and the Massachusetts League of Women Voters. She has been active in community, civic and school affairs.

Mrs. Mintz is a graduate of Connecticut College where she received her bachelor of arts degree in 1947. She also did graduate study at Harvard and participated in Radcliffe Seminars from 1960 to 1962.

"It has been a great privilege to serve as the School Committee member from Ward 2," Mrs. Mintz declared in making known her plans to stand for election to the School Board next fall.

"Newton is nationally considered one of the pace-setter educational systems," she continued. This was again brought to my attention most forcefully at the annual convention of the National School Board Association in Denver last spring.

"While there, Mrs. Mintz said, 'I heard praise from both lay and professional people for Newton's educational program and its unceasing efforts to keep abreast, or indeed lead in, changes and improvements in education.'

Newton owes its dynamic nature in large measure to an enlightened forward-looking professional staff and to a community dedicated to the

concept of excellence in education," she said.

"Maintaining high standards of personnel, program and plant for Newton's fine school system will cost \$10,700,000 in 1963," she said. "As a taxpayer and member of the School Committee, I am deeply disturbed over the financial impact education imposes on our already overburdened tax dollar. I do not think that school costs can go down, but I do believe we must continue to spend each dollar in a way to achieve maximum effectiveness."

"Since the teacher is at the heart of any good school system, we must continue to foster high professional standards. To attract good teachers and encourage them to remain in Newton, the School Committee annually reviews the salary schedule. The gap

between the supply of good teachers and the demand is growing yearly. We must continue to remain in a competitive position to attract and hold good teachers," Mrs. Mintz stated.

"Newton has not only kept pace, but often pioneered in many of the extensive and rapid changes taking place in curricula development and teaching. Proximity to Harvard and other universities has brought us the advantages of cooperative planning and planning in these areas."

## Danger In The Streets

Newton Recreation Commissioner John B. Penney's recent warning to parents concerning youngsters playing in the public streets has been borne out by a release from the Triple-A, American Automobile Association.

A busy street is a dangerous playground for children, the AAA warned, in urging the small fry to play away from traffic.

Commissioner Penney has warned Newton parents to prevent their kiddies from making playgrounds of the public streets, and reminded the adults that the City of Newton provides facilities every summer for the recreational activities of the little ones.

"Hundreds of school-age boys and girls each year are killed or injured while playing in the street," said the Triple-A's safety director, Richard W. Hoover. "These accidents could have been avoided if the youngsters had confined their play to the special areas maintained and supervised for them."

Safety officials everywhere have advised that advised that parents should feel responsible for finding safe places for their children to play during the long summer vacation months.

Comparatively quiet, residential streets are not immune from the tragic possibilities evolving from kiddies making play areas of them. Motorists are constantly admonished to be extra cautious during the vacation period, but a child darting into the street oblivious to everything but the pursuit of a ball or a playmate could tax the alertness of the most dedicated driver.

Commissioner Penney also dropped the reminder that a city ordinance prohibits the use of the public streets as play areas by children.

The summer vacation period is, or should be, a happy season of fun for all school-age boys and girls. Considerable money, effort, planning and supervision annually provide this community with a playground system. They are safe places for children to play. Their objective is to be interesting, located away from traffic, and attractive enough so youngsters will prefer them over streets and sidewalks.

There are many weeks of vacation ahead for our youngsters. They should be occupied in a manner to provide health and clean fun for all the kiddies. This is a joint responsibility of all adults, police, parents, motor vehicle operators—and the children, themselves.

Some motorists have encountered youngsters, playing in the public streets, who brazenly have flaunted the drivers, deliberately slowing down their progress from the street to sidewalk, often requiring the sudden use of brakes. These belligerent kids easily could become statistics in the annual traffic toll.

The situation could become serious in these care-free, summer fun months. Let's keep the youngsters happy—and alive. Keep 'em off the streets.

### Shocked At News

Editor,  
The Newton Graphic,  
Dear Sir:

It is indeed a shock to read that the forces opposing better dental health for Newton are again plotting their moves against the voters this fall.

It is a shame to read that the voters who demanded fluoridation in 1961 have waited over nineteen months for their wishes to be implemented — and still the perpetual procrastination goes on.

According to the latest reports, it will be two more months before the water will be correctly treated to allow the people of Newton the benefits they have asked for over a year and a half ago.

It seems a travesty on every form of democratic procedure to allow the same forces opposing fluoridation to enter the city again—when the voters have not yet been able to benefit from the implementation of their decision, made in the privacy of the voting booth many, many months ago.

## PTA Council's Closing Meeting Hears Reports

Study groups and PTA programming were the main topic of discussion on Thursday evening, June 6, at the meeting of the Newton PTA Council held at the Division of Instruction and chaired by Robert Ward, president.

In her report on Study Groups, Mrs. Herbert Schilder emphasized the advantages of bringing parents together in small groups to look into and discuss particular aspects of education. She felt that for best results these groups should be led by persons professionally interested and informed in the chosen topic.

This year the following subjects were studied by groups in the following schools: Meadowbrook Junior High, "The School's Guidance Program," directed by Mrs. Herbert Freeman; Memorial School, "Federal Aid to Education," "European Educational Systems," and "Programmed Instruction," led by Dr. Pierre Lambert; Newton South, "Dr. Bruner's Process of Education," organized by Mrs. Irving Geltman, and led by Mr. Jerome Grossman; Ward School, "Individualism and Conformity," led by Mrs. Herbert Schilder, and vocational classes, "Exceptional Children," led by Mrs. Shirley Sheingold.

The success of these efforts has led Mrs. Schilder to hope that her committee could assist in providing interested PTA's with materials and leaders for next year.

Mrs. Edward Kovar in her report on PTA Programming discovered a pattern in the type of programs picked by Newton's PTA's. The trend was toward four programs, a Fall Open House, a Winter Panel meeting, a Spring film

concerning our children, and a final program put on by the children themselves.

During a discussion of what constituted good PTA programming, the Council turned to the purposes of the PTA itself. Jerome Grossman summarized its feelings when he said the "purpose of the PTA was to affect people en masse . . . to inform parents as to goals and methods." These be considered when planning PTA programs.

In her report on a school committee session which she attended, Mrs. Edward Kovar referred to the state of Newton's elementary school libraries. None of them met the standards for libraries of the National Education Association, of those of UNESCO for underdeveloped countries. This situation is being studied as is Newton's whole library system in a major report now underway.

The Council also listened to an annual report by Mrs. Thomas Burnap, executive secretary. After the treasurer's annual report presented by Mrs. Sidney Wolbarst, they voted to continue PTA dues for next year at the same level. The success of the Spring Conference, chaired by Mrs. Richard Jarrell, was reported on by Mrs. Burnap. Mrs. Bernard Kaplan, publicity chairman, introduced the two new members of her committee for next year, Mrs. Nathan Freedman and Mrs. William Haney. Mrs. Raymond Wilbar reported on the program of Fluoridation to date.

The new PTA presidents and program chairmen were introduced and the Council adjourned until next October.

a good influence from the classroom.

Some took the attitude that the Supreme Court decision has the force of law and must be obeyed.

Only a very few indicated their agreement with the ruling.

Tomorrow, just before the pupils close their desks and file out of their classrooms to begin their summer vacation, an old custom will end in Newton's schools.

### Record

(Continued from Page 1)

Barbara Botts ended a successful year at Warren Junior High School. She made her home with the family of Mr. and Mrs. Kurt Hertzfeld, 39 Sewall St., West Newton.

"Skip" Griffin entered Warren Junior High in the eighth grade and moved into the ninth after Christmas. His athletic achievements were as impressive as his academic record. He won letters for basketball, football and baseball. Mr. and Mrs. William Beckett of West Newton were Skip's foster parents here.

Among other reception guests were Haskell C. Freedman, School Committee chairman, members of the local and Greater Boston committees, and Prince Edward County students who attended school in other communities. The Newton School Committee waived tuition re-

quirements for the students last fall, and the emergency placement committee provided funds for their other needs.

All involved in the program agree that it is most successful, and express regret that other young Negroes continue to be deprived of educational opportunities.

### Hears Negro Plight Talk Commends JFK

Noel Day, vice-chairman of the Massachusetts Committee on Discrimination in Housing, was guest speaker at the recent annual meeting of Newton Chapter, Americans for Democratic Action.

He described the long history of Negro contribution to American culture, and said that "We believe that what is before us in America is nothing less than a revolution — a revolution of race, but not only of race. The young leaders believe that the Negroes have the power now to make America live more truthfully with itself."

The Chapter sent a letter to President Kennedy commending his televised speech on civil rights with the following statement:

"The Newton Chapter of Americans for Democratic Action applauds your words of June 11 on civil rights for all Americans which were heard with enthusiasm by the masses of citizens who have waited for the leadership that can come only from your office: Your explicit, unequivocal, and frequent statement of these truths and the resolution we all feel is essential to achieve that condition where American practice conforms to the American credo."

Officers of the Chapter for the coming year were elected as follows: Chairman, Harold Katz; vice-chairman, Sidney Bronstein; executive secretary, Mrs. Michael Hoffman; corresponding and recording secretary, Mrs. Leo Parnes; and treasurer, Mrs. Lawrence E. Cooke.

unifying opinions, ever seeking, to make Newton worthy of its title, "The Garden City."

The Mayor urges investigation and consideration of membership in this organization, which is dedicated to promoting the combined interests of the City and its many business firms.

### New Banking Office Opens On June 27

In company with many of its customers, the Newton National Bank has found its Newtonville office in the way of progress and the advent of the ribbon of concrete flowing toward Boston. However, the bank has taken advantage of this to provide a new, modern facility adjacent to the Municipal Parking lot and the new Star Market.

At this office there will be all of the facilities of the old office plus additional lobby and teller space. A special feature of the new office is the provision for after-hours service at two walk-up windows on Austin street. This office will be under the management of George W. Stiglich, assistant cashier who has been at Newtonville since 1956.

On Thursday, June 27th, Mayor Donald L. Gibbs, a director of the bank, and Mr. E. J. Peterman, Chief National Bank Examiner for this district, will assist Mr. Louis G. LeBlanc, president to open the bank to the public at 4 p.m. Following this the officers and employees will be on hand to greet friends and show off the new quarters until 8 p.m.

(Continued from Page 1)

other indicted officials to raise a point already settled by the State's highest judicial tribunal.

Attorney General Brooks arranged for a special sitting of the Supreme Court to hear arguments on the matter so that it could be settled quickly.

Brooke, incidentally, plans to move for speedy trials of all indicted officials in order that their guilt or innocence may be established as promptly as possible.

He believes this should be done in fairness both to the public and those under indictment.

The Attorney General points out that an indictment is in no sense a conviction but that in the minds of many people there is an assumption of guilt while an official is under indictment and waiting to stand trial.

Another aspect to the situation is that certain public officials have been under indictment for more than a year and have continued to perform their public duties during that time.

Brooke doesn't intend to permit that while he is Attorney General if he can prevent it.

Attorney General Brooke has told his assistants that he anticipates an extremely busy summer.

### Dumaine A Dreamer On Pay Raise Issue

Republican State Committee Chairman Frederic C. (Buck) Dumaine, Jr., the former railroad tycoon, is supposed to be a hard-headed businessman. But it turns out that he's a political dreamer.

It seems that Dumaine thought he might be able to spearhead GOP leaders in the Legislature to spearhead a fight to water down the legislative pay raise bill.

Dumaine told Republican law-makers he believed they should advocate a modest \$800-a-year raise, boosting their pay to \$6000 instead of \$7800 and that the increase should become effective Jan. 1, 1965, instead of on Jan. 1 or April 1 of this year.

He expressed the conviction that this would be better political judgment since the voters by a 5-1 margin last November knocked out a \$1500 raise the legislators had given themselves, cutting the legislative pay level back from \$6700 to \$5200.

Dumaine felt the legislative pay should be placed about half way between where it is now and where it was when the people chopped off \$1500.

But it didn't take long for Dumaine to come back from his political dreamworld to the land of political reality and to discover that most Republican legislators are just as anxious as the Democrats to get more pay.

As was to be expected, his talk with the GOP chieftains on Beacon Hill got him exactly nowhere.

Rumors persist in political quarters, incidentally, that Dumaine may be a candidate for Governor next year even though Dumaine himself insists there is no basis whatever for the reports. Most political observers anticipate that Dumaine will seek to assume the role of king-maker rather than that of active candidate.

### Experts Question Peabody Strategy

A lot of political experts think it would be better strategy for Governor Peabody to spend more time fighting for things which would materialize this year or next rather than four years from now.

Peabody, they point out, isn't likely to win reelection in 1967 on the strength of something which may happen in 1967.

What they have in mind, of course, is the all-out, do-or-die fight Peabody waged to obtain initial approval by the Legislature of an amendment to the State Constitution which would give a Governor greater power to reorganize State departments and agencies.

If Peabody's plan doesn't hit any snags in 1965 or 1966, the change in the Constitution should be a big help to the Governor who assumes office in January, 1967.

But it will not be much help to Peabody when he stands for reelection next year, as the students of politics see it.

What Peabody apparently is seeking to do is create an image of a Democratic Governor who is trying to improve the machinery which could be used to achieve reforms in the State government.

However, Peabody will be judged by the voters on the

use he makes of the machinery presently available to him. If he believes that there are State departments and agencies which should be reorganized, he can submit his proposals to the Legislature and fight for their adoption now.

Peabody has been involved in three big controversial battles since assuming the Governorship. He lost two and apparently has won the third.

He made an unsuccessful fight at the start of the year to knock John F. Thompson out of the Speakership. Subsequently, Thompson turned up as one of his top allies and reportedly is to be appointed by Peabody to a high State post next year.

Next Peabody plunged into a struggle for the abolition of capital punishment which he finally lost in the House of Representatives despite valiant assistance from Thompson.

Now Peabody has won a fight for a suggested change in the Constitution which at best is almost four years away and which could be killed by the Legislature in 1965.

Those who want to be completely fair with Peabody can't help but wonder why he hasn't fought as hard on other fronts as he did in those three battles.

### Even GOP Embarrassed By Blast at Powers

Even the most loyal Republican members of the State Senate were somewhat embarrassed when GOP House Leader Sidney Q. Curtiss called on Senate President John E. Powers to break the logjam in the upper legislative session and put the body in motion so the Legislature can prorogue.

As Powers was quick to reply, there actually is no logjam in the Senate which has completed 94 per cent of its work.

Where Curtiss really put his foot in his mouth, however, was in his reference to Powers himself who is recognized as the hardest working member, Democrat or Republican, in the entire Legislature.

Under Powers' leadership the Senate has consistently performed its duties with much more despatch than has the House in which Curtiss is the minority leader.

One of the things Powers is currently doing, incidentally, is having the House-approved legislative pay raise bill revamped so that it would not prohibit a referendum on the wage hike if one should be sought.

### Kennedy Seen Stymied On Civil Rights Bills

President Kennedy will be unable to obtain the passage of any effective civil rights legislation during the present session of Congress, according to the predictions of Capitol Hill observers.

They estimate that Senator Barry Goldwater and Republican Congressional Leader Charles Halleck will be able to line up enough GOP Senators and Congressmen to join with the Southern Democrats so that Kennedy will be stymied in his civil rights moves.

If Goldwater is aligning himself with the Southern Democrats in the civil rights fight, you can be reasonably certain that he intends to run for reelection to the U. S. Senate from Arizona next year and not strike out for the Presidency.

Halleck may do far greater harm to the Republican party than to President Kennedy's future political prospects if he aids in contriving the defeat of the President's civil rights bill.

An ineffectual leader and spokesman for his party in Congress, Halleck also would probably set the stage for another fight by the so-called GOP Young Turks to depose him.

Most realistic Republicans recognize that their party must take a strong stand on civil rights if it is to make any sort of a political comeback in 1964. Halleck apparently is too absorbed in trying to figure out how to block Kennedy's moves to be realistic.

### Vassar Alumna, Miss Goldman Weds Charles W. Robins

A yellow and white garden arbor made a pretty setting at the Belmont Country Club for the pretty June bridal which united Miss Carolyn Goldman and Charles William Robins.

Mr. and Mrs. Edward Goldman of 121 Park avenue, Newton, and Mr. and Mrs. Nathan Robbins of 51 Chapin road, Newton Centre, are the couple's parents.

Rabbi Roland B. Gittelsohn officiated at the 7 o'clock evening service. A reception followed.

Given away by her father, the bride wore an 18th century gown designed of white

peau de soie. The empire bodice, fashioned with hand-run Alencon lace embroidered with small pearl beads, had long sleeves.

Similar lace fashioned the becoming pill box caught with her bouffant illusion veil. She carried a cascade of white orchids.

Miss Marilyn Goldman of Newton, the bride's twin, was honor maid. Miss Judith Fish-

## Two Day Camps Will Be Operated Again This Year

The Newton Community Center will again conduct two summer camps for youngsters this year, it was announced by Anthony J. Bibbo, the Center's executive director.

Starting date for the two programs is Monday, July 1, and registrations continue to come in, the director says.

The Day Camp site is in the Blue Hills, Milton, and is for the 7 to 12 age group. Campers leave from the Center by bus each morning, Monday through Friday, at 9, and return at approximately 4:45 p.m. There will be swimming, hikes, arts and crafts, sports, cookouts and a weekly trip to the seashore or other points of special interest. Children bring sandwiches and are furnished milk.

The Center will conduct its summer Kinder Kamp for children 3½ to 6 years old for an eight-week period beginning July 1. The camp site is on the grounds to the rear of Warren Junior High School. Facilities make this an all-weather, Monday through Friday week. Boys and girls will find a carefully selected program ready for them daily. Qualified, trained workers offer supervised play, numerous and varied games, stories, juvenile games, trips to zoos, farms, swan boats, cookouts, use of wading pool, and plentiful play equipment. Children are placed in small groups according to age and sex. Children bring their own lunches, milk and a morning snack time are provided.

Pick up and return service to and from the Center and home is available for members of both camps. The camp period is divided into four sessions, with each child obliged to enroll for at least one two-week period.

## Princes of Catholic Church Begin Voting For New Pope

### SPECIAL DESPATCH

ROME—In a section of the Vatican, temporarily sealed off from the outside world, the Princes of the Catholic Church have begun the momentous conclave which will end in the election of a successor to the late "Good Pope John."

How long it will take for two-thirds of the assembled Cardinals to agree on the choice of a new Pontiff can only be a matter of conjecture. However, newsmen who regularly cover the Vatican expect the conclave will last a period of days.

The hope expressed by Boston's Cardinal Cushing that a liberal Pope will be selected who will carry on the policies of the late Pope John has been echoed many times in this Eternal City.

Of all the Cardinals who could be chosen as the next ruler of the Roman Catholic Church, none is more in accord with the thinking of the late "Good Pope John" than Cardinal Cushing himself.

Before he entered the conclave Cardinal Cushing brushed aside and scoffed at suggestions that he might be elected the new Pontiff. He predicted publicly that the next Pope will be an Italian.

Vatican observers are in general agreement that the tradition followed in the last several centuries of electing an Italian Cardinal as Pope will be followed by the conclave now in session.

Yet, it is expected that some votes will be cast for Cardinal Cushing at least on the early ballots, for he is deeply revered by his fellow Cardinals as a man of great humility and goodwill much as was the late Pope John.

No one will ever know the results of the early ballots or of any ballot until a new Pope finally is elected by a two-thirds vote.

Under the procedure that is followed, each Cardinal may take one person into the conclave with him. That person need not necessarily be a clergyman. It could, for example, be a physician if a Cardinal wanted one with him.

Cardinal Cushing was accompanied to the conclave by Monsignor Daniel Cronin of Cambridge, a member of the Vatican Secretariat of State.

As the conclave got underway, the mood of this Holy City gradually changed from one of sadness to one of excitement.

With the end of the period of mourning for the late beloved Pope John came mounting speculation as to whom will be picked to succeed him. The excitement and conjecture will grow as the conclave continues.

A newsmen here, incidentally, learns new things about the goodness and greatness of Boston's Cardinal Cushing.

Catholic leaders from South America and Africa spoke feelingly before the conclave of the help he has given them in their work.

A few miles outside of Rome is an orphanage which Cardinal Cushing quietly aids, and in Rome itself is Santa Susanna Church which he completely supports.

Outside the Vatican excited Romans wait for the signal which will mean that a new Pope has been elected.

When that signal comes, the bells will ring in the Basilica of St. Peter's to be followed quickly by the sounding of bells in churches all over Rome, and Romans by the thousands will converge on St. Peter's Square.

No one can foretell how long it will be before that signal starts all the bells ringing in Rome.

## Teen-Time Topics

BY JOT DUNN

Dear Dot,  
I have a very short neck as well as rather heavy arms. Please tell me which lines I should watch for when selecting my clothes so that I will give a more slender appearance? B. C.

Dear B. C.,  
Remember that points always tend to slenderize the figure. The eye follows along to a point. For example a V neckline gives this effect as does a sleeve dipping to a point at the edge. Watch out for these lines.

Dear Dot,  
I hear so much about monochromatic color schemes these days that I'd like to know what this means. Is this color scheme popular today? A. N.

Dear A. N.,  
I believe this color scheme is always popular with a certain type. It means a costume consisting of one color ranging anywhere from the lightest shade to the darkest. For example light bone to dark brown.

Dear Dot,  
My hair is too curly. I have tried so hard to straighten it. I have had no luck. Can you suggest a good hair straightening cream? M. F.

Dear M. F.,  
Please don't attempt this by yourself. With all the wonderful beauty salons nearby, take your problem to one of them. A good hair cut will always be helpful. The jumbo size rollers were invented for just this purpose.

Dear Dot,  
I am 16. I've been going steady with a boy for the past six months. Do you think 16 is too young to consider marriage? L. T.

Dear L. T.,  
I am positive that 16 is too young to contemplate such an important life-long matter. At your age you should concentrate on having fun together. You both should date others so you may get to know other boys. Then at the right time you'll have no doubts.

Dear Dot,  
I am very self conscious about my skin problems. Is

there any thing I can do about this? S. C.

Dear S. C.,  
Yes, today you have rather a good choice in the cosmetic line which will cover up your problem while it aids in clearing it up. Take your pick of medicated make-up which comes in the compact, powder, cake or liquid form. Your nearest drug store stocks these items. Remember that proper diet, rest and exercise always play a most important part keeping the skin its glowing best.

Dear Dot,  
I like a boy in my class. He's very shy. We get along fine at school. Now that summer is about here I'm wondering how I can get to see him during the vacation. J. S.

Dear J. S.,  
If he is as shy as you think, you'd better begin to drop subtle hints about what you like to do in the summer. Find out what he plans to do. Then suggest that you do it together. Plan picnics and beach trips with your crowd. Be certain to include some boys he is fond of. Don't appear overly anxious because a shy boy resents this more than anything else. Good luck.

Dear Dot,  
I am a red head. I look as if I have no eyebrows because they are so light you can barely see them. I have such a high forehead that the problem is intensified. Do you have any ideas on how to lessen my problem? K. A.

Dear K. A.,  
At your drug store you will find a gray eyebrow pencil. Get one. Practice short feathered strokes. These will make the color applied look natural. Keep the pencil well sharpened. Try bangs. They are in style and do much to make a high forehead attractive.

**HAND-SHAKE FROM MAYOR GIBBS**—Young Richard Schol gets official hand-shake and congratulations from Mayor Gibbs for being top ticket seller for recent Central Little League theatre night. Mrs. Margaret A. Tennant, fund-raising chairman, looks on approvingly. (Chaluse Photo)

## Little League Announces Ticket-Selling Champions

Richard Schol, of the Newton Central Little League, was adjudged the top ticket seller in the recent contest held by the league for ducats to a league-sponsored theatre party held at the Newton Paramount Theatre.

Mayor Donald L. Gibbs and Mrs. Margaret A. Tennant, fund raising chairman, congratulated the young winner; it also was announced that second prize winners Walter Tennant and Norman Yanofsky were tied. Third place went to Mark Mannix.

Prior to the showing of the movie, "The Trapp Family," Robert Tennant, who acted as master of ceremonies, introduced Bill Cleary, Gold Medal Olympic champion, who scored the winning goal in the well-remembered hockey

game with a Soviet Union team in Colorado.

Proceeds of the theatre party helped defray costs of the Little League picnic held yesterday, June 19th, and also will assist in financing the annual banquet in October.

## CLASSIFIED DEADLINE - TUESDAY 12 O'CLOCK NOON

## Little League Lines

The sudden revival of pot-clouting last week by the Big League Red Sox may have had a good influence on Little Leaguers in this area, for hits rattled off their bats like nobody's business.

Newton West Braves downed the White Sox 5-1 with the help of Centerfielder Bob Walsh's three hits that brought in three runs.

Meantime, in a Newton East contest, Neil Appenbaum of the East Braves accounted for all his team's runs, as the Braves topped the Cubs 3-0.

It was Dodgers 3, Cardinals 2 in a tight Newton North game.

In a Newton South game, Scott Yardem pitched two-hit ball and struck out 10 Braves as his Tigers shut out the warriors 4-0.

Superior batting gave Newton North Yankees a 4-1 win over the Indians, with Mike Smith, 3d baseman, having four for four, and Dave DiMarzio having three for four. John Arsenian, pitching for the Yanks, allowed only three scattered hits.

In a Central League affray, Weston Wellington of the Orioles had two hits on two doubles as his team topped the Braves 6-5.

A three-run homer by Tom Rezzutti was a factor as the East Senators bested the Phillies 5-3.

Two home runs by Ronnie Arcese accounted for four runs as the South Giants put the Colts down 8-1. For the winners, Chris Eastman pitched a two-hitter.

Ralph Murphy singled home the West Red Sox's only pair of runs, as the Sox downed the Redlegs 2-0. Lefthander Joe Milewski of the Sox struck out 14 Redlegs.

Good batting eyes wrote the story of the majority of Little League games. Clark Berry, pitcher for the Central Tigers, drove in four runs with two homers and two singles to overcome the Indians 10-2. Pete Litman also had a four-bagger for the winners.

It was a three-run homer by John Michaels that gave the South Yankees a 9-6 win over the Red Sox.

Billy Starr of the East Athletics doubled home the winning run by which his team beat the Braves 4-2. The Athletics' Bill McGivney pitched with excellent control. The Athletics won their fifth straight game when that same Billy Starr shone again at bat in beating the Cubs 12-7.

In South action, there was a close one, Braves edging out the Red Sox 6-5, and Giants outslugging the Yankees 6-2.

The Central Orioles blanked the Pirates 6-0, Pitcher Bob Rosenberg fanning 13 batters.

In the West League, Redlegs bested the Pirates 8-1, and the Red Sox eked out a 3-2 win over the Braves.

The leading Yankees of Newton North went down to defeat when the Cardinals outscored them 9-6 last Monday night. Gerard Gentile of the Cards contributed a homer. Bob Calcegni's homer accounted for three of the losers' runs.

## Playground Season Swings Into High Gear In Newton

Newton youngsters launched the official summer playground season with enthusiasm on all fronts this week.

This year, as in previous years, many new and interesting projects are being introduced on the city's playgrounds, according to Recreation Commissioner John B. Penney. The summer season opened officially on Monday, June 24, at 1:30 p.m.

Equipment is available at all playgrounds, and programs are already underway immediately. Mr. Penney stated.

Playgrounds will be open

### Early Deadline For Next Issue

Due to the Fourth of July holiday next Thursday, it will be necessary to request early news, display and classified advertising copy for the next issue of this newspaper.

Editorial and display ad personnel will be available on Saturday to process any copy received. The news deadline will be set at 5 p.m. on Monday.

Deadline for classified advertising will be Tuesday at noon. Papers will be delivered on Wednesday, July 3.

## Special School To Open In Fall

A plan of which Mayor Gibbs has been working for two years will become a reality in September when a special school for mentally retarded and emotionally disturbed children will be established at the Peabody Home for Crippled Children.

Mayor Gibbs termed it one of the most outstanding endeavors the city has undertaken and expressed the belief that it will be the first school of its kind in the country.

Approximately 40 children, who last year attended special classes at Stearns and Hamilton Schools, will be shifted to the new school at the Peabody Home.

They will be taken to and from school in busses provided by the city.

Specially trained teachers will conduct the classes which will have from six to eight pupils apiece.

Newton school authorities now are working with officials of a nearby university on plans for a joint program

from 9 a.m. to noon and from 1:30 p.m. to 4:30 p.m., with some of them open evenings from 6 p.m. to dusk. Central and larger playgrounds are supervised day and evening. The smaller ones and tot-lots have daytime supervision only.

The following have supervision morning, afternoon and evening: Newton Centre, Burr, Auburndale, Cabot, Carr, Hawthorn, Albemarle, Memorial and Franklin. In addition, Burr, Newton Centre and Auburndale has an attendant in charge Saturdays and Sundays.

Playgrounds open to elementary school children only are: Williams, Emerson, Farlow, Stearns, River St., and Murray Rd.

Albemarle Playground is staffed this year for the first time, substituting for Horace Mann Playground. Lincoln Playground in Waban is not staffed, but additional personnel at Angier Playground should make it a very attractive area for children from that section of Waban. The baseball diamond at Lincoln will be used as a part of the Angier Playground facility.

The summer program for the retarded children will be held at the Bowen School, Newton Centre, under the capable direction of Clement McCann and Mrs. Dorothea Donahue, who have handled

to train teachers for this kind of work.

This has long been a pet project of Mayor Gibbs, and

## Name Architects For Newton Fire Station

The appointment of the architectural firm of David J. Abrahams & Associates, Boston, to undertake the design, preparation of plans, and probable construction of, the newly proposed Fire Station at Church and Richardson streets has been announced by Mayor Donald L. Gibbs.

The architectural firm was selected by the Mayor's Advisory Committee on Public Buildings, who act as advisors to the Mayor on such matters.

The proposed structure, a three-bay station will, of necessity, replace Station No.

One, which houses Engine 1 and Ladder 3 Companies at 336 Washington street, Newton Centre.

The present structure will be demolished by the Toll Road Authority to make room for the Newton to Boston highway extension.

Preliminary drawings of the proposed new station were examined this week by Mayor Gibbs in company with Fire Chief Frederick A. Perkins, Jr., Vincent D. Burns, Public Buildings Commissioner, and Israel Nigrosh and Lloyd W. Kendall, representing the architects.

### Friend Of The Handicapped

Aaron N. Solomon, left, of Newton, is shown receiving "Employer of the Year" Award from Harold Russell, noted double amputee, and president of President's Committee on Employment of Handicapped.

## National Award To Resident Of Newton

Aaron N. Solomon, of Newton, long noted and honored for his work in behalf of handicapped people as an employer hiring them in industry, has been given the "Employer of the Year" Award.

Harold Russell, noted World War II double-amputee and Oscar winner for his role in "The Best Years of Our Lives" motion picture, made the presentation.

Russell is president of the President's Committee on Employment of the Handicapped which organization selected the Newton man for its top annual award.

Solomon, president of Ace Electronics Associates, Inc., of Somerville, was cited for his pioneering efforts in hir-

ing physically and mentally handicapped men and women who comprise 75 per cent of his 250 employees.

The Newton man is chairman of the Massachusetts Committee for Employment of the Handicapped. He has gained wide recognition for his persistent efforts to arouse this state and the nation to the economic benefits to be derived from giving handicapped men and women the opportunity to be gainfully employed.

### 'Y' Secretary In Newton Goes To Connecticut

Russell E. Ball, Youth Work Secretary of the Newton Y. M. C. A. since January 15, 1957, has resigned his post here to become General Secretary at the Southington, Conn., "Y."

Mr. Ball also served as director of Camp Chickami, the Newton "Y"'s day camp in Wayland. Closely identified with the Chickami Development Campaign of 1962, Mr. Ball has continued the general administrative plans for the camp's development program. An administrative building and a new swimming pool have been constructed and will be used by the campers this year.

His staff responsibilities also included those of associate secretary of the Long Range Plan Committee of the "Y."

## POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

### Cigarette Tax To Be Hiked To Cover State Pay Raises

An increase of two or three cents in the tax on cigarettes will be voted during the present session of the Legislature to obtain \$25 million to cover proposed pay raises for legislators, State constitutional officers, department heads and rank and file employees.

Such a move has been privately agreed upon by Governor Peabody and legislative leaders who consider it about the most painless possible method of securing the money needed for the wage hikes.

There is little doubt that this proposal will be approved in the fairly near future. Smokers who object to paying another two or three cents per package for their favorite brand of cigarettes had better start stocking up while the present prices last.

## August 12 Set For Hearing On Motel

By a vote of nine to eight, with six absent, the Board of Aldermen early Tuesday morning set Monday, Aug. 12, as the date for a public hearing on the highly controversial proposal for placing an elaborate motor hotel complex on 9.8 acres of Norumbega Park.

The motion for a mid-summer hearing carried by the slim margin of one vote in the face of expressed fear that severe criticism of the action would be likely to follow.

There had been a previous motion calling for the petition of Marriott Motor Hotels of Newton, Inc., to be accorded a hearing on Monday, Sept. 23, but it was withdrawn before being put to a vote, and the Aug. 12 date substituted.

Just prior to the deciding action, Alderman Harry L. Walen, on a point of order, asked whether the body, should the Aug. 12 motion lose, would then vote on the September hearing date. Earle D. Wood, presiding in place of the absent president, Wendell R. Bauckman, assured him that his assumption was correct. The roll call followed, and the eight responding with a nay almost, but not quite, had an opportunity to express themselves on the fall hearing date.

Alderman Harry H. Har Jr., chairman of the committee on Claims and Rules, brought the Marriott matter to the floor. Explaining that the new site plan of the petitioner had been filed early

this month, and that at last the petitioner had submitted a proposal in a form that satisfied his committee, the Alderman declared that the matter was of such magnitude that, in his opinion, it should be assigned a hearing on a night when no other matter was to be heard.

"I feel that there is wide interest in the matter throughout the city," he went on, "and though we considered an August date, I think it be-

hooves us to delay the assignment to next September."

Alderman Ham added that he thought the Board should not lay itself open to the criticism that would be sure to be voiced by the many Auburndale residents opposed to the petition should a hearing date be assigned at a time when a great many of them could not be present.

Declaring that time should be provided to publicize the

### Relocation Bill Pushed By Bradley

Representative Joseph G. Bradley of Newton spearheaded a successful fight on the floor of the House of Representatives this week for the passage of a strong relocation bill which provides that persons, whose homes or business places are taken for public purposes, would be paid moving expenses and given other assistance.

The measure which Bradley succeeded in having enacted was approved by the legislative judiciary committee but then watered down by the House Ways and Means Committee.

Bradley mustered the necessary support to have the bill restored to its original form. It has now gone to the State Senate.

## Northeastern Honor To Newton Merchant

A prominent Newton businessman, Stephen P. Mugar, president and director of the Star Market Company, was awarded an honorary degree of engineering at recent Commencement exercises held at Northeastern University.

He was honored for his outstanding achievement as a merchant and leader and as a source of inspiration to his fellow citizens.

### Frazier Will Seek Election To 12th Term

School Committeeman Francis P. Frazier announced today that he will be a candidate for reelection to a 12th term on the School Board in next fall's election.

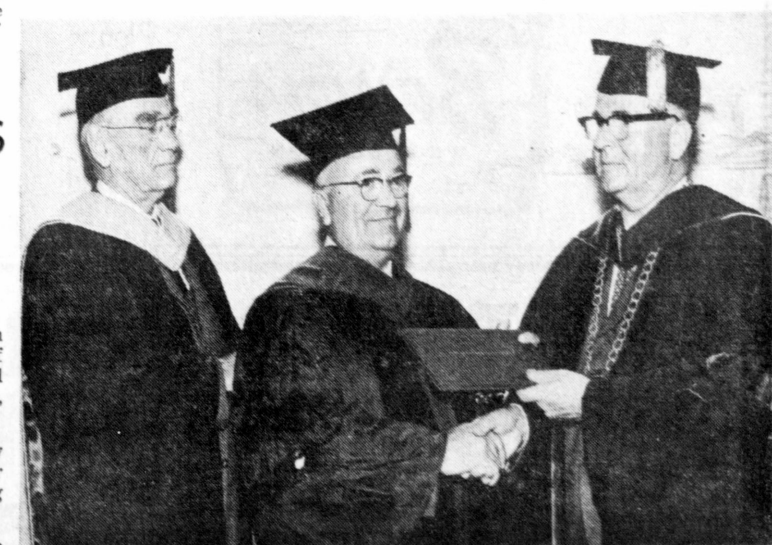

Frazier, who resides at 127 Pearl street, Newton, is now completing his 22nd year as the School Committee member from Ward 1.

He was originally elected back in 1941, shortly before the outbreak of World War II, assumed office in January, 1942, and has served continuously on the School Board since then.

In his statement declaring his intention to stand for a new term, Frazier said the maintenance of the high standing of Newton schools will continue to be uppermost in his judgments of educational policy.

## Church Council Names Dr. Ross Its President

The Newton Council of Churches elected Dr. Ross W. Sanderson as its president at its recent annual meeting in Newton Centre Methodist Church. Ministerial associate of First Church, Congregational, Newton, Dr. Sanderson in his early retirement was visiting professor of the Ecumenical Movement and the Urban Church at B.U. School of Theology.

Other elected Council officers include: First vice-president, Robert M. Vaughn, Newtonville Methodist Church; second vice president, Mrs. C. L. Southmayd, First Church, Congregational; recording secretary, Mrs. H. Edgar Beaven, Central Congregational; and treasurer, Edson L. Fitch, First Baptist.

Delegates of the twenty four member churches, following the recommendation of the Chaplain's Committee, unanimously endorsed the appointment of the Rev. Donald W. Manthei as Protestant Chaplain at the Newton-Wellesley Hospital.

Other business transactions included a recommendation that each member church contribute one percent of its budget for the support of the various Council ministries.

## Plans To Enter Medical School

Gerald Rogell, son of Dr. and Mrs. Bernard S. Rogell, 31 Devon Rd., Newton Centre, will enter Harvard Medical School in September.

He is a graduate of Newton High School, Class of 1959, and was admitted to Harvard College as a sophomore. He completed his requirements for a bachelor of arts degree, cum laude, in June of this year.

## Newton GOP Committee Hits Solon Pay Hikes

The Newton Republican City Committee in a communication to all Republican members in the State Legislature, called for the exercise of greater imagination, initiative and more statute leadership on the part of its representatives.

Critical of the stand taken by some on the proposed legislative pay raise, the letter had words of praise for those who voted against it, stating in part:

"We commend those GOP legislators who had the courage and integrity to vote against the proposed legislative pay increase. We are particularly gratified that our own

## Newton Student Honored Twice For Best Essays

A recent graduate of Dartmouth College from Newton Centre has been awarded two prizes by the college.

Kenneth J. Novack, a son of Mr. and Mrs. Hyman Novack of 35 Newbury St., was awarded the \$40 Bennett Essay Prize "for the best essay discussing the principles of free government" and \$50 honorable mention in the 1963 competition for the Edward M. Chase prize for the best essay "on a subject relating to the promotion of world peace."

Mr. Novack, who was graduated magna cum laude, will attend Harvard Law School on a Dartmouth General Fellowship.

## Four Are Named By United Fund

Four Newton residents have been appointed as members of the Speakers' Bureau in the Public Relations Department for this fall's Greater Boston United Fund "People Helping People" campaign.

They are Mrs. Marion T. Lyndon of 37 Crystal St., Newton Centre, Anthony Bibbo of 429 Cherry St., West Newton, Edward Kovar of 9 Cedar St., Newton Centre, and Philip J. Doherty of 84 Walnut Park, Newton.

Representatives, from Newton, Lorenz F. Muther, Jr., and John W. Whittemore, showed their usual good judgement and sense of responsibility in voting against the pay raise. We feel that many more should have joined these men in standing up for the voter and the GOP instead of joining the Democrats in self-seeking."

The letter stated that members of the Newton organization recognized the merits of arguments for increases in salaries of legislators. The letter went on to say:

"However, we cannot overlook the fact that what the Governor proposed is contrary to the overwhelming preference expressed by the voters last November. Moreover, this is the wrong time to increase the cost of government, particularly by short-sighted and piecemeal methods. We feel that the whole proposal for legislative pay raises made by the Governor smacks of wheeling and dealing."

The letter further reminds the legislators that: "Our Commonwealth is in a most difficult period and its taxpayers are now greatly overburdened. More time and mature study of the overall pay structure for all State employees is needed on a matter so vital to good government."

The letter further admonishes that: "Our unfailing emphasis should be to promote more efficient and economical government. We must lose no opportunity to exercise imagination, initiative and statute leadership to convince the voters that the Republican Party has the means and capacity to lead this Commonwealth out of financial chaos."

The communication, signed by Edward C. Uehlein as chairman of the Newton Republican City Committee, was sent to all GOP legislators in accordance with the vote of the Executive Committee of the City Committee at its meeting held June 5, and pursuant to a Resolution of the City Committee at its meeting of April 30 condemning the proposed legislative pay raise in its present form."

## "Flowers" For Post Office Man

The following item belongs in the "flowers for the living" category, and is printed by The Graphic at the urgent request of a gracious and kindly resident of Newton Centre, Mrs. Philip Sandler of 90 Rowena Rd.

Mrs. Sandler describes herself as one of a great many patrons of the Newton Highlands post office who appreciate the "hospitality and exceptionally fine service" provided by a man at the window to all who do business there.

The man is M. D. Hoar, according to the sign at his window, and Mrs. Sandler believes that he is deserving of wider praise than that which comes to him by word of mouth from the customers.

## School

(Continued from Page 1)

he has worked energetically with representatives of the school department to bring it into being.

Under an arrangement the Mayor has worked out with officials of the Peabody Home, the city will pay the Home a rental of \$20,000 a year for 20 years, at the end of which time it will assume ownership of the structure.

The city would receive 25 acres of land along with the building.

Officials of the Peabody Home also are seeking approval from the Planning Board for a site plan on which they would divide 18 acres of land on the perimeter of their property into 50 house lots where, it is anticipated, high-value homes would be erected.

The funds received from the city and realized from the sale of the land would be used to construct a wing onto a Boston hospital where crippled children would be cared for.

The mentally disturbed and mentally retarded children last year attended classes at the Underwood, Stearns and Hamilton Schools.

Under the plan worked out by school officials, two classes of children listed as "educables" will be shifted from the Underwood to the Hamilton School.

Three classes of handicapped children, listed as "trainable" who are below the mental level of the "educables", will be shifted from the Hamilton School to the new school at the Peabody Home.

Two adjustment classes for emotionally disturbed children were conducted last year at the Stearns School, and these youngsters also will be transferred to the Peabody Home.

Mayor Gibbs voiced the hope and the belief that the new arrangement at the Peabody Home will make it possible for the teachers to achieve greater progress with the handicapped youngsters.

"I believe this school will be a wonderful thing and something in which everyone in Newton can take pride," the Mayor declared.

Ralph H. Berkowitz of 20 Judith road, Newton Centre, is attending a six-week summer institute at Simmons Institute of Technology, the nemt of Michael R. new workers, most of whom have had wide experience in teaching and recreation work.

Each district will plan its own special program features with the approval of the district supervisor in charge. A general plan for the summer has been established around which special features will be developed. There is no compulsion on participation in special programs. It has been the experience in the past that the special programs are so well planned by the leaders that there is usually almost total participation by the playground groups.

Regular summer sports programs are planned and

organized on the district level. Each district may determine its representation at the city championships program during the first week in August.

Tennis instruction will be scheduled at as many grounds as possible under the direction of the Youth Tennis Foundation. Pay-grounds leaders will assist in organizing these groups at the playgrounds assigned for instruction.

Arts and crafts programs for boys and girls are under the direction of special supervisors—Mrs. M. Russo, Miss Margarite Donnelly, and Ralph Hamilton. New playground leaders will participate in a crafts clinic during the first week of operation with the craft supervisors.

Programs are scheduled for the following activities:

Baseball leagues, both mid-let and junior; inter-play-ground basketball, tennis instruction and tournament, girl's softball, inter-play-ground sports in all girls' games, picnics, hikes, trips and excursions.

Also, tournament games, fitness week, children's theater, zoo exhibit, carnival week, esplanade concert, museum trips, boys' and girls' crafts, learn-to-swim program, Crystal Lake swimming, field days and play days with prizes.

Paul A. Gluck of 104 Dorcar road, Newton Centre, is one of 30 high school juniors and seniors selected to participate in the summer science training program in chemistry at Lowell Technological Institute, sponsored by the National Science Foundation.

## Civil Righters In Action Here

The Human Rights Committee of the City of Newton has gone on record as being in complete accord with President Kennedy's civil rights program.

At a recent meeting in City Hall, presided over by Stanley S. Lewenberg, the members pledged their efforts to insuring quality in job oppor-

tunities, housing and education. Having done so, the committee met with Dr. Robert Be-lenky, representing the School Department, to discuss ways teachers and pupils here could become better acquainted with the issue of human relations and civil rights, particularly as they pertain to the Negro.

## Sabbatical Leave Agreement Made School Scholar In Residence Named

Supt. of Schools Charles E. Brown's announcement of "a step forward" in appointment of a college professor to serve as "scholar in residence" in the school system here next year, and another by Chairman Haskell C. Freedman that an agreement had been reached in the controversy over payment to teachers of sabbatical leave, were highlights of Monday night's meeting of the School Committee.

Dr. Brown told of the unique appointment of Reginald Aragon, retired professor at Reed College, Portland, Ore., who, he said, may well be the first consultant of his calibre in school service anywhere. He will work with students and provide intellectual stimulation to teachers, especially in the field of social studies, the superintendent explained.

It is expected, he added, that Dr. Aragon will lecture to large numbers of students and conduct seminars for smaller groups. A Ford Foundation grant will pay part of his salary, and part will be paid from the consultant account of the schools.

Chairman Freedman informed his committee that it had been agreed with Comptroller of Accounts Arthur T. Marr that in the case of sabbatical leave granted, an affidavit form would be signed by him and by the school superintendent and submitted to Marr.

The form contains the name, title and address of the person involved, the period of leave and the rate of pay. It reads: "We hereby certify that the above named person has been granted sabbatical leave for study or research by vote of the school committee," and after naming the compensation rate by vote of the school committee, "and extent of the leave, goes on to comply with the requirements as set forth in the General Laws of the Commonwealth."

The controversy arose last month, when the comptroller stopped payment to eight teachers on sabbatical leave granted by the committee. Later, he released the checks for May, but refused to issue more unless the committee agreed to certify the leaves.

### Tribute To Late Pope

The Editor  
The Newton Graphic  
Dear Sir:

Your editorial tribute to Pope John as a man of peace was greatly appreciated by this Protestant reader. It would be difficult not to respect his efforts to bridge the gap between East and West. Nevertheless we must recognize that he had to work against obstacles and prejudices even among his fellow churchmen.

The most fitting tribute any of us could pay the late Pope's efforts for peace would be to do at once the things that are within our power as citizens: keep informed on all sides of world issues, examine the religious and moral implications of nationalism and nuclear war, support the President in initiatives for peace such as a test-ban treaty and strengthening of the Arms Control and Disarmament Agency, and join in community endeavors, such as those sponsored by Turn Toward Peace, to further intelligent grass roots support of the attitudes and policies that make for peace.

Sincerely yours,  
Norman K. Gottwald,  
Lowry Professor of Old Testament,  
Andover-Newton  
Theological School

### Write Congressmen On Civil Rights

Editor  
The Graphic

In the present struggle for civil rights it is imperative that all individuals who have been shocked by, and awakened to, the degradations to which American citizenship has been subjected during the past 100 years sit down today and write to Senator Leverett Saltonstall, U.S. Senate Office Bldg., Washington, D.C., and to Hon. Joseph W. Martin Jr., House Office Bldg., to urge their support of the President's civil rights program.

There is the possibility that they will regard this not as an issue for the nation, but a political party issue, and join southern Democrats in opposing the program. If they don't hear from you they will do what seems politically expedient, assuming that you don't care.

I believe the people do care much more than the government realizes. We must let them know that, especially in Massachusetts, we respect the cause for which our forebears fought, and stand with them as they died for us to make this a nation of liberty and justice for all.

Remember, when the citizenship of one American cannot be protected, then none of us is safe from the whims of local demagogues whenever or however they may arise. Color really has nothing to do with it.

Please write your representatives today. Your country is in danger.

Mildred H. Reynolds  
7 Mt. Vernon terrace  
Newtonville.

## Politics . . . (Continued from Page 1)

However, there is no certainty that Peabody will be able to solve all his financial problems at the expense of the cigarette smokers.

The additional tax on cigarettes should provide enough money to cover the pay raise, but there won't be much left for other purposes.

If Governor Peabody and legislative leaders intend to expand educational facilities in Massachusetts to the extent they have indicated, they will need some form of sales tax to do it.

Strong opposition to a sales tax still exists on Beacon Hill. Some of it would be overcome if the proceeds from the tax were earmarked entirely for education.

Peabody would have preferred to avoid any tax increases during his first year in office.

Senate President John E. Powers and other legislative chieftains, however, have impressed a basic political fact of life upon him which is that any boost in taxes must be voted this year, not in 1964, an election year.

Powers himself probably would not hesitate even at the height of an election campaign to vote for a new tax if it were needed to provide educational opportunities for young men and women.

But he's one of the few who would have the political courage to do so, and he knows from experience that the average legislator would run away from a tax proposal during an election year.

Actually, it's to Peabody's advantage to put any new taxes he needs on the books this year and hope that the people will adjust to them and accept them before next year's election.

The recommendation by Governor Peabody's special committee that whopping raises be given to almost all high State officials has not been greeted by any public cheers.

In fairness, the average person has something less than a generous idea of what salaries should be paid to elected office-holders, whether they be legislators or a Governor.

One thing the \$25 million package plan has done has been to take some of the heat off the legislators as far as their own \$2600-a-year salary hike is concerned.

It offers a completely new concept of the compensation which should be paid to high State officials from the Governor down.

If a Lieutenant Governor, who spends a couple of days a week at the State House, is to get \$20,000 a year along with the use of a limousine at public expense, the \$6200 proposed for the legislators appears modest by comparison.

It seems somewhat ridiculous to this onlooker, incidentally, that the Lieutenant Governor should be paid a larger salary than the president of the Senate or the speaker of the House who have far more important duties.

An argument probably will develop in the Legislature over the proposal for boosting the salary of the Lieutenant Governor from \$11,000 to \$20,000 a year.

That was indicated when a row broke out in the Senate over a motion to increase the appropriation for the office of Lieutenant Governor Francis X. Bellotti from \$20,800 to \$38,600 a year.

Bellotti, it was explained, wants to upgrade the salaries of members of his staff and hire three additional administrative assistants with the extra \$17,800.

This did not impress Republican Senator Newland H. Holmes of Weymouth who, in vigorously opposing the motion, observed that the Lieutenant Governor does not spend more than two days a week at the State House.

However, Bellotti's salary presumably will be upped to \$20,000 just as the additional \$17,800.

The Arizona Senator received 39 per cent of the votes cast as compared to 18 per cent for former UN Ambassador Henry Cabot Lodge, 16 per cent for Governor Rockefeller, 13 per cent for Governor George Romney of Michigan, 7 per cent for former Vice President Richard M. Nixon, 3 per cent for Governor William Scranton of Pennsylvania, 1 per cent for Governor Thurston Morton of Kentucky and 1/2 per cent for Senator Leverett Saltonstall. Saltonstall's name did not appear on the ballot distributed by Kelley so his votes were written in.

Seven prominent Republicans were listed by Kelley as possible contenders for the GOP nomination for Governor. Ex-Congressman Curtis just nosed out Republican Senate Leader Philip A. Graham as the top choice.

Here is how they fared on what Kelley describes as "the 1964 GOP Survey No. 1."

Curtis 21 per cent; Graham 20 per cent; George C. Lodge

## "MEMOS" FROM YOUR Stylist

MR. JOHN OF CONTINENTAL

For the benefit of vacation-bound women, let's have a few words about their hair. Wherever they go — beach, mountains, wherever — it's a good bet that they will spend considerable time under the benign warmth of old Sol. In cultivating a glowing tan there will be much attention given to protecting the skin with salves, creams and ointments. This is fine, but bear in mind that the skin one protects so lovingly suffers much less from the sun than does the hair. Careless and extensive exposure to the sun, fades, bleaches, dries and otherwise creates problems for hair beauty and manageability.

Still on the subject of hair—there are precious few hair problems that can't be quickly and beautifully solved at CONTINENTAL COIFFEURS. From a shampoo or tint, to the most striking permanent you can hope to enjoy, you are assured of competent, experienced attention at CONTINENTAL COIFFEURS — 2 locations for your convenience — 74 Langley Rd., Newton Centre, Phone WO 6-8817, and 1271 Washington St., West Newton, Phone LA 7-9839.

## New Type of Apartment Living at Windsor Gardens

A new concept in apartment living was introduced to New England last fall when Windsor Gardens started construction in Norwood.

Windsor Gardens residents enjoy the use of a private club. They are invited to become members of this non-profit club. The facilities include a magnificent free-form Olympic size swimming pool, two tennis courts, two badminton courts, shuffleboard and barbecue facilities—all set within a 7 acre park on the premises.

The first six buildings, totaling 132 apartments, are nearing completion. Six additional buildings will be ready for occupancy this fall. When completed, this development will have 676 one and two bedroom units. To preserve the country setting, only 16 percent of the 43 acre site will be utilized by the 22 apartment buildings and ample off-street

parking has been provided with assigned spaces for each apartment.

All apartments are separated by a sound proof blanket in the walls and ceilings. Each apartment is individually heated and air-conditioned. Parquet floors, food paneling and full picture walls of glass with draperies are featured in the living room. Each apartment has a private balcony or terrace. Telephone and electrical outlets are located in abundance and each building provides a central TV outlet for maximum reception.

All electric kitchens feature a built-in dishwasher, disposal, refrigerator, freezer and range—in matching color and set off by birch cabinets. A buffet bar off the dining area is framed with louvered shutters.

Each building boasts a unique recreation room—a place where residents can entertain friends or just relax, laundry facilities, and extra storage space.

You can't have one without the other. "The greatest hope of this great republic is the opportunity for more diversified education of all its citizens," Committee Chairman Frazier stated. "Many of our basic social and economic problems may only be solved by a better understanding of them and a more specialized training in order to compete in the complex world of tomorrow. "Newton will continue to be a great city as long as its citizens are determined to support a good educational system for the benefit of their children, their investment in the future of America," Frazier concluded.

## Newton Peace Council To Supply Speakers In City

The Newton Community Peace Council, associated with Turn Toward Peace, met recently at the home of Leonard M. Salter, to discuss the present accomplishments and future program of this new group.

Among the most interesting reports was that of the Speakers Bureau, presented by Kay

Stein, the co-chairman. Notices have gone out to 105 organizations in Newton that the bureau can supply some 28 speakers for various meetings and groups.

The subjects, chosen by the group requesting the speaker vary from "Disarmament" to "The United Nations" to "Prospects for Peace." Parent-Teacher Organizations, church and social groups, are asked to call on Mrs. Stein and her co-chairman, Mrs. Leon Birnbaum, for assistance in making up their speakers programs for the fall meetings.

Mrs. Rhona Shoul, chairman, gave a report on the Children's Program. Working with the UNICEF Program of the United Nations, Mrs. Shoul has arranged for a United Nations week, to be sponsored by the Newton Playground System this summer.

A book discussing the problem of children in this age of crisis by Sibylle Escalona was pointed out as being the best and latest information on the subject. Its title is "Children and the Threat of Nuclear War" and is available from the Literature Chairman, Mrs. Lawrence E. Cooke. The literature report given by Mrs. Cooke, covered the newly initiated program activities in recent weeks. The Literature Committee has distributed books on the issue of American Initiatives to the offices of various doctors and dentists and beauticians in Newton.

Leonard M. Salter, who is in charge of liaison with lawyers, discussed a forthcoming seminar on "World Peace through Law," sponsored by the Fund for Education Concerning World Peace. Any group of 5 to 25 persons willing to do the required reading and take part in twelve two-hour discussion seminars can participate in the program.

For more information concerning this reading program contact Leonard M. Salter, 40 Old Colony Road, Chestnut Hill.

A seminar to discuss "American Initiatives" has been arranged for Saturday, September 14.

### Degree Somewhat Delayed

Proud and happy family of William G. Schmidt, 42 Prairie Ave., Auburndale, gather around him after he received degree at Northeastern University. Left to right: Loretta, 8; Gerry, 14; Mrs. Schmidt, Robert, 12, and Barbara 9.

## His College Degree Follows 21 Years After High School

William G. Schmidt, 42 Prairie Ave., Auburndale, was graduated from high school twenty-one years ago. He was graduated from Northeastern University at Commencement exercises held recently.

The proud Newton graduate, father of four children, was awarded his bachelor of administration degree at the Boston Garden exercises of Northeastern held on June 16. His college degree was somewhat delayed and thereby hangs a tale — to toss in a cliché.

He originally was registered at Northeastern after his High School in 1942, but was called into the Sea-Bees for three years, during which he was awarded the Purple Heart.

"I was stationed on Tarawa in the Gilbert Islands in the Pacific, and while building an air strip we were bombed and I was hit with some flying shrapnel," explains Schmidt.

In 1951, following his release from the service, he entered Northeastern's University College, an evening college designed to meet the needs of the mature, adult student. He remained at Northeastern until 1955 when he moved to Connecticut to work temporarily.

"I returned to the Boston area in 1957 and also returned to Northeastern," says Schmidt.

The father of four children, Gerry, 14, Robert (12, Barbara, 9, and Loretta, 8, Schmidt says that studying was no real problem, thanks to the co-operation of his wife, the former Mary Jane Spence of Boston.

Going to school on the part-time evening basis and working for Honeywell Electronic Data Processing Division, Newton Highlands, as an engineer on research and development during the day, Schmidt then finished his requirements to earn the degree.

"I'll take about a year off from school then I hope to return again to study for a master's degree in industrial management at the Northeastern Graduate School," explains Schmidt.

So he will enter Northeastern for the third time, this time hoping for no interruptions.

### Couple Marks 50 Years Of Wedded Life

Mr. and Mrs. J. F. Tuscher, 853 Washington street, Norwood, formerly of Newton, recently observed their 50th wedding anniversary at the home of their oldest son, Francis G. Tuscher, 29 Oak street, Cohasset.

The couple was married on June 29, 1913, at St. Bernard's Church, West Newton. Mr. Tuscher is employed at the Hersey-Sparling Meter Company, Dedham.

Among the gifts received were a gold wrist watch and a gold necklace, with their son's birthstones.

Present at the garden party were Mr. and Mrs. Vincent J. Tuscher, Newtonville; Mr. and Mrs. William J. Sifford, also of Newtonville; Mr. and Mrs. Amos Oldfield, Auburndale; Mr. and Mrs. Joseph B. Oldfield, Cohasset; Mr. and Mrs. Stanley J. Oldfield, Natick; Miss Elizabeth Oldfield, Waltham, and Mr. and Mrs. Philip Hurley of Needham.

Thomas C. O'Brien of 50 Pelham street, Newton Centre, had a perfect attendance record for his two years of study at Wentworth Institute, Boston.

matter well, he said he would move that the hearing be scheduled for the third Monday in September, and with that he made the motion.

Alderman Melvin J. Dangle took the floor at this point, and declared that the chairman of a committee should not substitute his own opinion for the vote of his committee. He called attention to the fact that Alderman Ham had neglected to report that the Claims and Rules committee had voted unanimously for the August hearing date.

By way of reply, Alderman Ham said that he was willing to withdraw his motion, and the withdrawal was made and seconded, and a substitute motion for the Aug. 12 hearing made.

Just prior to ordering the roll call, Alderman Wood made a statement. "I agree that it would be nice to expedite the matter," he said, "but on the other hand the action would be subjected to criticism. It would be a poor procedure to rush the matter through at a time when many citizens would be out of town," he added.

The meeting was adjourned following announcement that the August 12 date had won approval.

The Marriott Corporation's first proposal for the luxury motel setup had its public hearing last November, and at that time residents of Auburndale appeared at City Hall in considerable numbers to register a protest against razing their beloved Totem Pole Ballroom and creation of a commercial project where Norumbega Park's beautiful surroundings should, in their opinion, be continued as a site for recreation all Newtonites could enjoy.

Proponents of the project pointed out that the ballroom was no longer a paying proposition, and that it no longer met with the approval of the younger element, whose tastes in music for dancing had undergone a marked change. They pointed out that tax-

### Dinner Honors 31 Members Of Lazarus Group

A dinner honoring 31 members of the Emma Lazarus Chapter of the American Jewish Congress was held recently at the Sidney Hills Country Club, Chestnut Hill.

Women recognized for their efforts expended during the past season were the Mrs. Arthur Appel, Arnold Bloom, Harry Bloom, Saul Cohen, Alan Finkle, Ralph Fishman, Roger Gallant, Laurence Geller, Marvin Grossman, Zolman Helfant, Joseph Hymen, Harry Labourene, David Podolsky, Martin Saklad, Charles Silk, Irwin Spence, David Spodick, Phillip Turner, Harvey Weiss, S. Robert Wolf, and Alvin Yerkes of Newton.

Also, Mrs. Robert Colton, Natick; Mrs. Max Geller, W. Roxbury; Mrs. Richard Kasanoff, Jamaica Plain; Mrs. Edward Henken and Mrs. Harold Shufro, Needham; Mrs. Alan Jacobson, Wellesley; and the Mrs. Maurice Gregg, Lawrence Schneer, Peter Theimer, Merton Wolf of Brookline.

wise, the project would be of great benefit to the city.

Originally, the Marriott group asked for the use of some eight acres. The new petition seeks nearly 10, the additional land being intended for extending the parking area to comply with the city's new ordinances. Also, this time, instead of asking for a zoning change from Residence "C" to Business "A," the petitioners seek a change to the new Business "AA."

Those who voted in favor of the Aug. 12 date were Aldermen Auryansen, Ball, Dangle, Dietz, Flaschner, Glosky, Hicks, Mann and Nixon. Opposed to that date were Aldermen Carmen, Ham, Hopkins, Hovey, Tennant, Valentine, Walen and Wood. The other aldermen were absent.

Sandra Small of 20 Phillips lane, Newtonville, has been elected chairman of pre-freshman night by the Northeastern University Chapter of the Society of Women Engineers.

## Newton Sealer Reelected National Group Chairman

J. Ellis Bowen, Newton's sealer of weights and measures, was reelected to chairmanship of the Standing Committee on Education of the National Conference on Weights and Measures held recently in Washington under the sponsorship of the National Bureau of Standards.

Some 400 weights and measures officials attended the conference, representing municipal, county and state governments.

"Such conferences," said Sealer Bowen, "are held for the discussion and solution of problems which financially affect every family in the community, currently including the important matter of truth in packaging. These officials are responsible for the testing for accuracy, and then the approval or condemnation of all commercially used weighing and measuring devices. These include scales from large capacity vehicle scales to very delicate prescription balances used in the compounding of medicines in hospital pharmacies and drug stores; the scales of the butcher, grocer, hardware store, express company and junkman. Taximeters, fuel oil truck meters and gasoline meters also come under such officials' jurisdiction. All of these are definitely related to the cost of living of every family and to the profits or loss of business establishments.

"Scales and meters," he asserted, "like other mechanical, or electrical, devices can and do become worn, or simply get out of adjustment in normal use. Neither the merchant nor the customer is aware of this condition until the Sealer, through his regular inspection, makes the discovery.

"The consuming public and all merchants are dependent upon these officials for assurance of accurate quantity determinations. If a merchant unknowingly, or carelessly, gives long weight or measure, he is giving away his profit, his livelihood, and over a period of time inviting bankruptcy. To give short weight or measure not only cheats the buying public, but provides a means of unfair competition by offering a way to undersell an honest competitor. Hence, neither short nor long weight or measure can be tolerated."

Sealer Bowen, a member of both the Massachusetts and Federal Bars, is a past president of the Massachusetts Weights and Measures Association, and was founder and for five years editor of this association's News Letter. He

### Derby Preview Of Dog Stars At Wonderland

There will be a Derby preview for the visiting stars and champions who have been nominated and invited to take part in the 29th running of the famed Wonderland Derby. All of the invaders, 14 of them, will officially school in public on Saturday, June 29.

Thus, greyhound followers will get a first hand look at Homer Herndon's Rinaker "The Wonder Dog"; E. L. Beckner's Genemary, recent winner of the \$15,000 Raynham Derby and Altino Gouveia's Cactus Noel, winner of the \$25,000 Taunton Derby among the others.

The public schoolings which were started two years ago, have made a great hit with Wonderland fans. Last summer, some 7,500 remained after the last race to view the outsiders and they saw plenty since Color Smart and Velvet Sis later ran one-two in the Derby.

Following the schoolings, the stars will then be pointed for the first of four eliminations — July 4, 8, 12 and 16. Then the eight top point getters will go in the WONDERLAND DERBY on July 19.

There will also be a rich consolation for the next eight after the Derby final qualifiers.

It is expected that several of the invaders have an excellent chance of reaching either the Derby final or the Consolation off their previous records.

Among the 14 who'll be schooled, most of them have won major stakes in various parts of the country.

## Drexley Anne Wile Weds Benjamin Lincoln Smith Jr.

When Mr. Benjamin Lincoln Smith Jr., and his bride, the former Miss Drexley Anne Wile, return from a two week sailing cruise along the New England coast, they plan to make their home in Nashua, N. H.

The bride is the daughter of Mr. and Mrs. George Mansfield Wile of 15 Minnetaska road, Waban. Mr. and Mrs. Benjamin Lincoln Smith of Concord are the bridegroom's parents.

White geraniums made a pretty setting for the 4 o'clock afternoon service which took place at Waban's Union Church. The Rev. Joseph Cony MacDonald, D.D., officiated. The Brae Burn Country Club was the scene of the reception.

Given in marriage by both her mother and father, the bride was attired in white linen. Diagonal bands of precious Irish lace marked the fitted bodice which had short sleeves edged with similar lace and square neckline. Identical lace extended from the front and back of her unpressed pleated skirt which terminated in a chapel-length train.

She wore a matching starched linen and lace headpiece and carried a bouquet of white daisies.

Miss Judith Shepard Knox of New York City was maid of honor. Mrs. Benjamin D. Adams of Blue Hills, Me., Miss Sandra Jerome of Boston, Miss Barbara Ruegg of Wellesley and Miss Barbara Michie of Briar Cliff, N. Y., were bridesmaids.

### Graphic Passes Along Fernald Leagues Thanks

The Fernald League for Retarded Children, Inc., of Waverly, has asked The Graphic to pass along to all its friends in the Newtons an expression of gratitude for their heart-warming response to its recent fund drive.

Says Harry Nathanson, president, "We can't thank each one personally, although we wish we could, so we are asking that this letter be printed so they may know of our deep appreciation and heart-felt thanks."

"In a world where it is assumed that people are too busy to help the underprivileged we learn that this does not apply. Many of these wonderful people have no connection with the Fernald League and would have no personal reason to help. Some previously had not known of our work in behalf of the retarded."

"Their generosity makes it possible for the League to continue to provide for the patients at the Walter E. Fernald School needed equipment, comfort and services which are unavailable from the state. Literally hundreds will be made happier because of these kind and thoughtful people."

"May we say again to all of them, 'We are very grateful. May your generosity be returned to you 10-fold.'"

## Little League Lines

The Newton Central Orioles marked their season's end in true championship style last week, downing the Tigers 8-3 in a playoff game on Pierce Playground. Pitching for the winners, Bob Rosenberg struck out 13 Tigers and gave up six scattered hits. Right-fielder Norm Yanofski accounted for three of the Orioles' runs with a double and a single.

Braves of the East League beat the Phillies 6-3, with Andy Schwartz fashioning a three-hitter and fanning seven.

A double by Ed Cameron in the fourth inning was the deciding factor in the West White Sox defeat of the Orioles by a 3-2 score. The Sox also had the help of a fine job of pitching turned in by

Mike Sturniolo, who had 15 strikeouts.

Robin Marvin doubled in two runs and Jeff Freeman contributed two singles for the South Red Sox as they defeated the Colts 8-1.

Two North League Indians, Bobby Delicandron and Dennis Cedrone, had two hits each that led to the Indians' victory over the Cardinals by a 4-2 score.

Mike Milewski of the West Little League Red Sox turned in another star pitching job in fanning 14 White Sox hitters and leading his nine to a 2-0 victory at Gill Stadium.

In another West contest, it was Orioles 4, Pirates 3, as a passed ball gave the birds the edge.

There was a spaghetti dinner last night (Wednesday) at St. Jean's Cafeteria sponsored by the Newton North Little League, with proceeds being applied to the uniform and equipment account. Plans were made by the league's fund-raising chairman, Joseph Keefe, and the president and secretary, Ronald Palkey and Andrew White. Their wives, plus Mrs. Harry Tarlin of the Women's Auxiliary planned the menu.

The potent bat of Billy Nartomaso led the Newton North Indians to a 5-2 win over the Yankees, and knocked the Yanks into second place, giving the Indians sole possession of first.

Paul Britt of the West Redlegs shut out the Braves 3-0. He turned in a two-hitter, and a bases-loaded single by Tom Keane was a big factor.

These same scouts earned and were awarded the "My Troop" and "Hospitality" badges, as were the older girls who already are 2nd Class Scouts: Elaine Fandrey, Daryl Jernigan and Roberta Casey. Also presented was the "Cyclist Badge" to each of the twelve scouts who represented the troop in the Memorial Day parade led by "Uncle Bing" and Miss Sherry Grant, who has earned her esteemed "Curved Bar" rank.

Special badges awarded were: the "Horsewoman" to Geraldine Casey and Jennie Leighton; the "Homemaker" to Cary Jernigan and Roberta Casey; the "Cat and Dog" to Geraldine, Roberta and Daryl; the "Dabbler" to Roberta, Daryl, Elaine and Candy; also the "Magic Carpet" and the "Cook" badges were awarded to these sixth grade girls.

Three other badges were earned when four girls went on an overnight camping trip, accompanied by Mrs. Casey, along with other troops in the Westdale Neighborhood of Camp Nacoshwa in Cochituate, which enabled Roberta, Geraldine, Elaine and Daryl to complete their work towards earning these badges—"Outdoor Cook," "Backyard Camper" and "Campercraft."

The single badges awarded were the "Writer's" badge to Roberta Casey and the "Garden Flower" badge to Elaine Fandrey. The "Childcare" badge, which was awarded to Elaine and Marjorie Cohen and Gail Putnam, completed the awards.

Youngsters who in September will go into grades six through 12 who take the course, and who have real ability and real interest in the dance, theater, art and music, will be able to work with highly skilled and talented teachers daily from 8:30 a.m. to 12:15 p.m.

A staff of artist-teacher-performers drawn from far and wide will be brought together at Newton South High School. Stanley Russell, administrative assistant to the school superintendent here, describes the faculty group as "Newton's answer to a need for more opportunities for youngsters to become directly involved in a significant experience in the creative arts."

Accent will be on the creative approach of the individual, with groups being kept small in number. Each youngster will be able to select one of the four areas for concentrated work, and to choose one other for additional time.

In addition to the program at the school there will be trips outside and guest speakers and artists coming in. Groups in the past have gone to rehearsals of professional theatre groups, to Esplanade concerts, to art studios and museums, and to professional dance groups in rehearsal. To the Center have come well-known figures from different fields of the arts to give demonstration-lectures. The result has been what has been described as a "saturation experience" in the arts, and an increased awareness of the relationships that exist among the different art forms.

The staff members have been selected for their three-way skills as artist-teacher-performers, and their desire to make a program of this sort available in this area. The following is the staff of the Newton Creative Arts Center:

Art — Miss F. Eleanor Elliott, art supervisor of the Newton schools, a recognized leader in her field. She is also on the staff of the Graduate School of Education at Harvard. Active in national and state art associations, she is President of the Mass. Art Teachers Assoc. for the next two years, and a member of National Committee on Art in Education. She has taught at five universities and conducted workshops in various communities. She has studied in Paris, University of Chicago, New York University, and Columbia University, among others.

Also, Harvey Quaytman, a staff member in 1961, Mr. Quaytman returns to the Creative Arts Center after spending 18 months on a William Page Traveling Fellowship given him by the Boston Museum School of Fine Arts. He spent most of 1962 in London painting, and even found time to do some teaching while there. He had an exhibit of his work in London last year, and in March of 1963 had a one-man show at the Stanhope Gallery in Boston. A graduate of the Museum school, he is presently teaching there and at Roxbury Latin School. In 1961 he was Lecturer in Fine Arts at Middlebury College.

Dance — Gus Solomons Jr., an architecture graduate of MIT, he is a man of many talents and well known in this area for his performances with the Dancemakers, a group with whom he appeared at the Boston Arts Festival and on television. He is a capable pianist and painter as well.

Also instructing in the dance, Miss Carol Ann Pastore, staff member of the Boston Conservatory of Music. She has been dancing since age nine, and has appeared with the Boston Civic Ballet, and is a soloist with the Boston Dance Theater.

### Aldermen Give Brief Hearings

Eleven matters were given brief public hearings at the opening of the Monday night's regular meeting of the Board of Aldermen.

Involved were Edison and N.E.T. & T. applications for pole locations that were made in routine manner, public works hearings on two drain and sewer proposals that were not opposed, and on four proposals for street acceptance, on most of which public opinion was about equally divided.

The matter of laying out and acceptance under the betterment law of Beecher Pl., Ward 6, from Langley Rd. to beyond Beecher Ter. brought a show of eight hands by property owners in favor, and opposition from the son of another, Alvo Giacomo of 25 Beecher Pl.

"My father," he said, "would be assessed \$714 for the improvement, and there is a question of whether the benefit would be worth the investment." He went on to point out that the area's residents enjoyed all the city's services, and would hardly be willing to pay \$714 merely to get rid of the dust from the unfinished roadway. He added that 50 percent of the residents were either retired persons or widows, that their income was limited, and that they were in no position to make the investment.

There was one proponent and one property owner against acceptance of Glendale Rd., Ward 7, from the accepted portion to West Boulevard Rd.

Seven indicated approval and seven opposition to acceptance of Lawmarissa Rd., Ward 5, from Moffat Rd. to beyond Oak Vale.

No one opposed and one property owner approved acceptance of Staniford St., Ward 4, from Lexington St. to beyond Freeman St., the latter saying that the street was in "deplorable condition."

The final hearing was on petition of Arthur P. Kelly to install new fuel tanks at his service station and repair shop at 2066 Commonwealth Ave., Ward 4, and thus increase the capacity for inflammables. Kelly agreed to accept a number of restrictions, one of them calling on him to give up his contract for towing disabled vehicles for the Turnpike Authority. Others would confine delivery of fuel to his tanks to daylight hours, dowsing of lights when his station was not in operation, absence of advertising streamers and absence of revolving or flashing signs.

The meeting was a marathon affair that went from 8 p.m. to past midnight, due to a recess of two hours following the public hearings. The break provided the members to attend various committee meetings and one as a committee of the whole, all of them made necessary by the fact that there was no Aldermanic meeting two weeks ago because of the summer schedule.

The next regular meeting will be on Monday, July 16.

### Schools Should Teach Religion Professor Says

Public schools should teach religion of all kinds, a prominent Boston University educator states in an article currently appearing in The Philosophical Forum, annual journal published by the Department of Philosophy and the Philosophical Club at B.U.

Dr. Theodore Brameld of 73 Fairmont Ave., Newton, professor of educational philosophy in the university's School of Education, said that the sharp division between the public school curriculum and the teaching of religion, the latter having been relegated to the church and the home, has resulted in a "vicious dualism."

This situation has created conflict and bewilderment in children, many of whom will bear scars throughout adult life, according to the Brameld article.

### Trophies Given Bowlers Of Beth El Brotherhood

Rabbi Kooyk had high praise for the fine work of Beth El Brotherhood, which recently closed out its season's activities at the Social Hall, 561 Ward St., Newton.

President Irving Goldberg reported on the activities of the year, and the meeting's high point was the awarding of trophies to members of the bowling team.

High scorers were Neal Smith, Bernard Gilfix and Melvin Chefitz. Runners up were Leonard Karp, Phillip Snyder, Bert Cone, Jacob Owen, Dr. Morton Ross, Nathan Finklestein, Hyman Andler and Bernard Schwechter.

Bernard Gilfix is the team's chairman.

Mrs. Howard Libb led community singing, and Mrs. Max Vengrow was accompanist.
